What's New

Your business doesn't stand still. And neither does ours. We're always looking for ways we can improve our products to better suit the way you work. Sometimes that's an enhancement to an existing line. Sometimes it's a brand new product solution. But every time, every improvement is inspired by you.

NEW

Look for the NEW icon throughout this year's catalog to quickly identify new and newly enhanced products.

Here's a brief rundown of some of the most exciting additions. Refer to the pages listed for more information.

Nucleus®

Upholstered Work Chairs
and Café Height Stools

With its new fully upholstered back, Nucleus® fits in nicely in more conventional private offices and conference rooms, while new café height stools take comfort to new heights.

Pages 96-99

Voi®

Laminate Desking

Coordinating desks and storage for every application: private offices, semi-private offices, open plan, benching, and more.

Pages 22-29

Preside®

Conference Series

Tables and other components for real collaboration at all levels in an organization, designed to work with the furniture you already own.

Pages 164-169

Ignition™

Finish Options

New polished aluminum arms and bases lend a more upscale look to Ignition™ executive, conference, work, and task chairs.

Pages 100-103

SmartLink®

Seating

Part of the innovative SmartLink® collection for learning environments, these chairs feature a flexible one-piece shell available in four sizes.

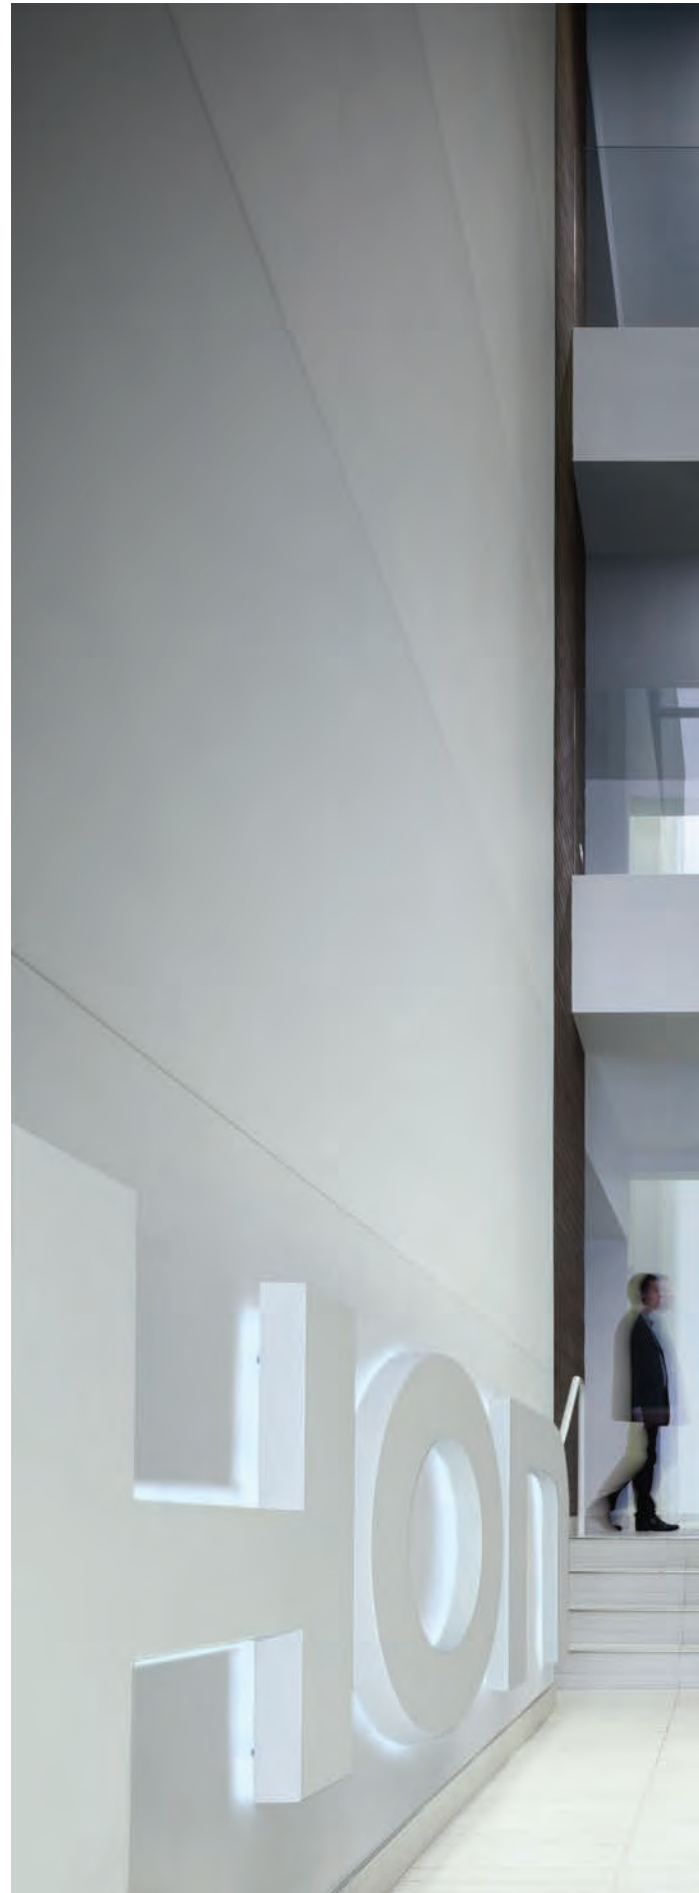

Pages 188-189

Lean and Green

At HON, green isn't a trend. It's part of our culture—and always has been.

When our founders launched their new company in 1944, they devised an innovative product line out of material others may have considered scrap. Their waste-not philosophy was formalized in 1992, when HON introduced Rapid Continuous Improvement (RCI). HON's RCI program empowers our members to adopt more efficient production processes and eliminate waste. Today, our legacy of stewardship is reflected in one of the office furniture industry's strongest programs of conservation, waste reduction, and recycling.

As a manufacturer, we recognize our role in helping your business meet its sustainability goals. So we make the kinds of products you want—furniture that improves your work environment—while being mindful of the broader environment.

Sustainability Leadership

Here are some of HON's strengths when it comes to sustainability:

- HON products are among the first in the industry to receive level certification, ensuring compliance with the BIFMA e3 sustainability standard. Level 2 certification is the HON standard, one we have reached for almost 80% of our product volume.
- In 2006, HON became the world's first office furniture manufacturer to earn product certification under the SCS (Scientific Certification Systems) Indoor Advantage program.
- Initiate® workstation panels use Nature Core®, a patented low-emitting fiberboard made from a rapidly renewable plant fiber. It earned Indoor Advantage Gold—and it's exclusive to HON.
- Many HON products contribute to LEED credits for Commercial Interiors.
- The renovation of our corporate headquarters in Muscatine, Iowa, earned LEED-CI Silver certification from the U.S. Green Building Council.
- HON received GSA's Evergreen Furniture award for outstanding environmental performance among all office furniture suppliers working with the U.S. government.

INDOOR ADVANTAGE™

INDOOR ADVANTAGE GOLD

the BIFMA sustainability standard

Place By Place

Fill any or every area of your workplace with HON's comprehensive furniture solutions. Our goal is to simplify the buying process, so that finding the furniture you need is easy.

Open Floor Plan

Panel-based workstations maximize space and offer flexibility in areas where several employees need to work in close proximity to one another. Chairs should offer the right range of ergonomic controls to fit the user and the work.

Private Office

Executives and managers typically need desks and executive chairs. Consider appearance as well as functionality to strike the right mix of prestige, professionalism, and personality.

Conference Room

To keep meetings comfortable, tables should be big enough to allow 30 linear inches per person. Conference chairs don't require the advanced functionality of a work chair, so look for basic function and support.

Filing Area & Copy Center

A good mix of shared and private storage helps keep common areas better organized and employees more productive.

Lobby

Start with a reception station. Add guest or lounge seating and occasional tables for a welcoming environment.

Training & Learning Environments

HON has solutions designed to facilitate knowledge transfer in spaces ranging from corporate training rooms to elementary, secondary, or college classrooms.

DOWN TO BUSINESS AND UP TO YOU

Picking the right desk starts with a choice of veneer, laminate, or steel. But the options don't stop there. A desk needs to support the work of the person who's going to use it. Consider your aesthetic and functional needs, then browse our extensive selection to find the perfect desks for your workplace.

Materials

Wood Veneer

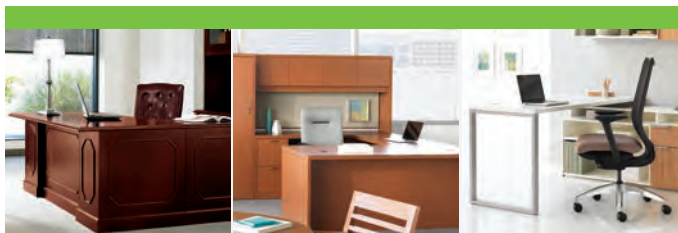

Do you want the beauty of real wood and the polished, professional image it evokes?

Laminate

Do you need the easy-care durability that scratch-, stain-, and spill-resistant HON laminate delivers?

Steel

Does the toughness and value of classic steel desking appeal to you?

Styles

Traditional

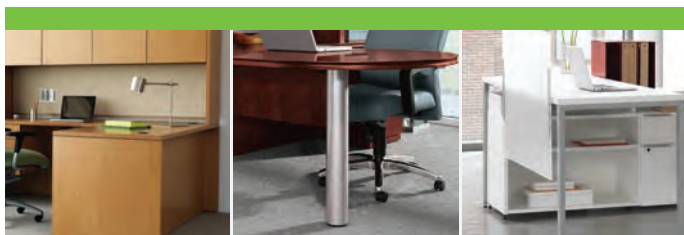

Are you moved by decorative accents and classic styling?

Transitional

Do you want tailored details and a versatile design that blends well with a wide variety of settings?

Contemporary

Are you looking for clean lines, lighter scale, and a stylish mix of materials?

Components

Modular

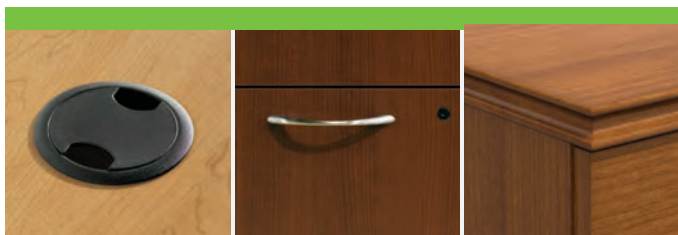

Do you foresee a need to rearrange—or relocate?

Built-up

Do you want the simplified installation of desks that ship assembled?

Kit of parts

Do the footprints and storage needs of the stations you're furnishing require a more customized solution?

Accessories

Power and data

Do you need basic grommets for cord management or a hub to keep you connected with technology?

Handles

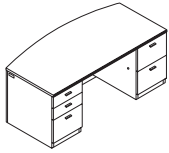

Do you need to match the color and style of drawer handles to other furniture?

Edges

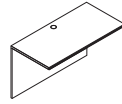

Do you prefer the contemporary lightness of knife edges, the subtle curve of waterfall-shaped edges, or a more traditional edge detail?

Parts and Pieces

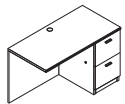

When you're shopping for desking, you're shopping for a system of worksurfaces and storage options—the desk itself is just the start.

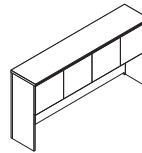

Desk
Your primary workspace.

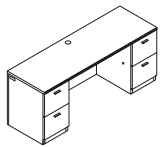

Bridge
Worksurface used to link two other worksurfaces.

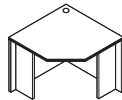

Return
Extra workspace placed at right angles to a desk.

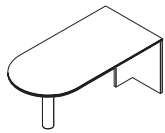

Stack-on Storage
Overhead storage unit that attaches to a worksurface.

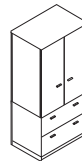

Credenza
Secondary workspace unattached to a desk.

Corner Unit
Worksurface that links returns and bridges to create a computer corner.

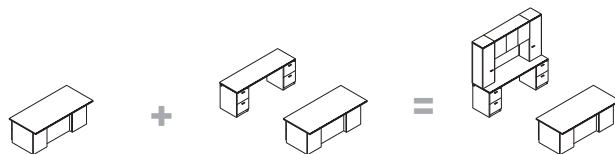

Peninsula
Worksurface with leg space for face-to-face meetings.

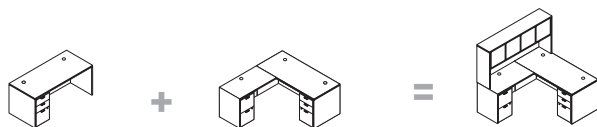

Storage
Coordinating file and storage cabinets.

Create a Configuration

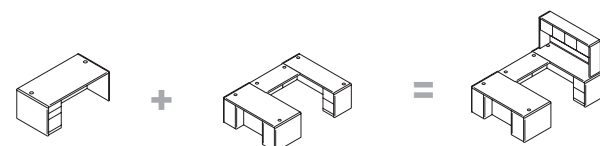

Choose the components you need for a desking configuration that works for you.

Desk/Credenza
Choose a desk. Add a credenza.
Add stack-on storage.

L Workstation
Choose a left or right single pedestal desk.
Add a return. Add stack-on storage.

U Workstation
Choose a left or right single pedestal desk.
Add a bridge and credenza. Add stack-on storage.

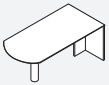

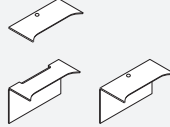

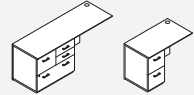

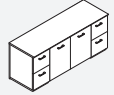

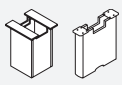

ANNOUNCE®

HON's premier line of veneer desking goes beyond sophisticated design with unexpected details that support technology and aid collaboration.

- Laptop docking station, integrated wire management, and optional power hub support technology.
- Knife edges, curvilinear lines, floating desktops, and slim profile pedestals present a light, sophisticated look.
- Fine hardwood veneers and meticulous craftsmanship.
- Complementary conference room furnishings available from the Preside® Series.

Voi®

Voi's integrated design unites a workplace, bringing a variety of spaces together with a consistent style. You can easily outfit your entire facility with Voi: private office, semi-private offices, and open plan stations.

- Its light scale, layering worksurfaces, and mixed material options give Voi® a contemporary look.
- Brightly colored metal storage cubes help enhance organization.
- An optional layering shelf supports pilers who like to keep open projects close at hand, rather than filing them away.
- Quality construction and top-grade laminate deliver the durability you expect from HON.
- Visit hon.com/Voi

Voi® semi-private office with laminate worksurfaces and layering shelf in Brilliant White, low credenza and wall-mounted overhead cabinet in Brilliant White (chassis) and Harbor Teak (door fronts), O-legs and storage cube in Platinum Metallic. Nucleus® work chair with ilira-stretch M4 mesh back in Black, seat in Impact Putty, and Polished Aluminum base.

Voi® open plan workstation with laminate worksurfaces in Brilliant White, low credenzas and panel-mounted overhead cabinets in Brilliant White (chassis) and Harbor Teak (door fronts), O-legs and handles in Platinum Metallic, and storage cubes in Citron. Abound® panel frames with fabric tiles in Appoint Artichoke and Platinum Metallic trim. Ceres® work chairs with ilira-stretch M4 mesh backs in Vanilla, seats in Silvertex™ Permablok³ Celery, and Black arm stems and bases.

Voi® benching station with laminate worksurfaces in Brilliant White, O-legs in Platinum Metallic, low credenzas in Brilliant White (chassis) and Harbor Teak (drawer fronts), credenza cushions in Silvertex Permablok³ Celery, and storage cubes in Citron. Nucleus® work chairs with ilira-stretch M4 mesh backs in Vanilla, seats in Silvertex Permablok³ Celery, and Polished Aluminum bases.

Voi® Power and Data Wiring Options

Voi® features integrated power and wire management designed to be easily accessible at the worksurface and credenza. A single power feed can span multiple workstations within a configuration.

Voi® semi-private office with laminate worksurfaces in Brilliant White, O-leg in Platinum Metallic, support pedestal in Harvest, and stack-on storage in Brilliant White with Frosted Translucent doors, and storage cubes in Autumn. F3™ work chair with mesh back in Black, seat in Silvertex Sage, and Black frame. F3™ armless guest chair in Focus Ivory with Black frame.

Voi® private office with laminate worksurfaces, end panel, and storage in Mahogany, handles and storage cubes in Platinum Metallic. Caldo™ executive chair in Black leather.

Colorful storage cubes add a punch of personality.

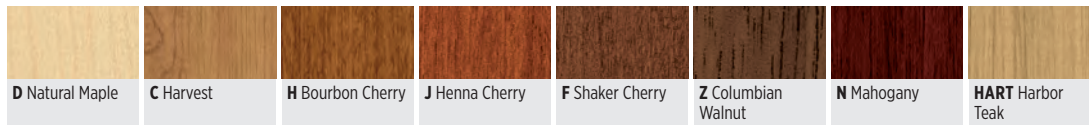

Privacy screens give desks a sense of personal space.

Combine laminates for a contemporary mixed materials look.

Specifying Your Workspace

This simple guide is designed to walk you through the steps of specifying your workspace and inspire ideas for how Voi can meet your specific needs. Voi's depth of line provides a wide range of options, and its efficient kit of parts makes it easy to specify.

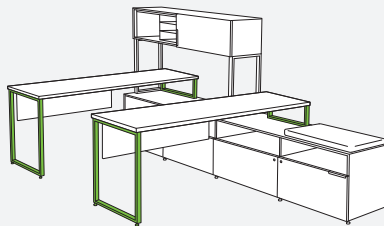

1.

Worksurfaces

A variety of shapes and sizes meets a range of footprint requirements, from private office to open plan areas. Systems worksurfaces can also be used.

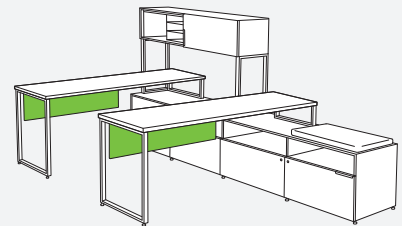

2.

Supports

Voi's selection of worksurface supports can be used in countless combinations to achieve the look and function needed. Light scale, contemporary O-legs and post legs or more conventional end panels and pedestals are available. A variety of modular storage options can be specified based on your storage needs: box/box/file pedestals, file/file pedestals, slim profile pedestals, lateral files, multi files, and bookcase supports.

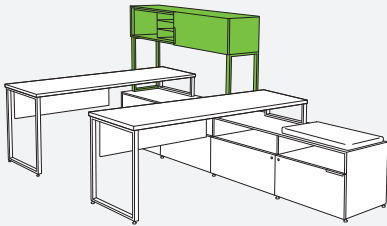

3.

Modesty Panels/ Privacy Screens

Modesty panels in a variety of sizes enhance privacy below a Voi's worksurface. Mixed material options are available in laminate and Frosted Translucent. Above and above/below privacy screens are available to create an element of privacy in an open plan area.

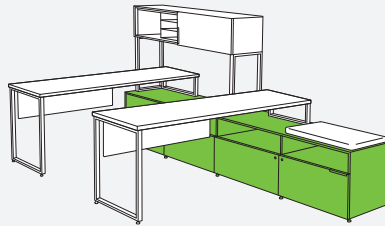

4.

Above Worksurface Storage

From contemporary overhead cabinets to conventional stack-on storage, Voi® has many above-the-worksurface storage options that can be used in a variety of applications. Wall-mounted, panel-mounted, and conventional stack-on storage options are available to make efficient use of vertical space. The O-leg can be used in stack-on storage applications to create a lightscale, contemporary look. Choose from sliding doors, or overhead cabinets with four doors. Mixed material options are available for overhead cabinets with four doors.

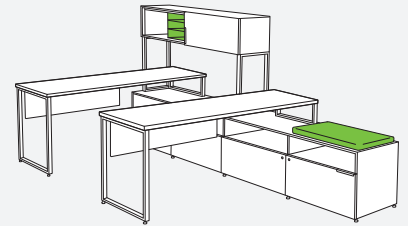

5.

Below Worksurface Storage

A wide variety of conventional storage options are available: lateral files, bookcases, corner end cap bookcase, mobile pedestals, and storage towers. Many contemporary storage options are also available, including low credenzas and floor credenzas. These units fit neatly below the worksurface to create a layering effect. They're available in a variety of configurations to support different storage, staging, and display needs.

6.

Accessories

A diverse selection of Voi® accessories enhances your work processes and expands the capabilities of Voi® desking. Storage cubes, drawer organizers, and layering shelves add storage capabilities, while a cushion top converts a credenza into occasional guest seating. A markerboard supports collaboration and message display.

See page 5

PARK AVENUE COLLECTION® LAMINATE

HON's premier line of laminate desking offers many of the amenities usually reserved for fine wood desks, as well as multiple ways to customize it for your office.

- Personalize the look with multiple options for edges, handles, handle finishes, and door materials.
- Precise alignment—components fit together like custom cabinetry.
- Diverse components can support the entire workplace: private offices, open plan, reception, and boardroom.

ATTUNE®

Attune laminate desking harmonizes everything you want in office furniture with contemporary aesthetics, abundant storage, and technology support.

- Asymmetrical design elements, floating modesty panels, and slim pedestals contribute to the contemporary look.
- Diverse storage options include modular stack-on units, stackable overhead organizers, and a pullout printer shelf.
- Power Hub (ordered separately) makes it easy to plug in and stay charged.

NEW OPTIONS

10700 SERIES

Is it the dependable performance, legendary quality, versatile design, or smart price point that inspires customers to turn to 10700 Series desking year after year? Chances are, it's all of the above.

- New enhanced design includes mixed-material options for modesty panels and stack-on storage doors.
- New storage and configuration options increase functionality and support smaller footprints.
- Contoured hardwood trim adds a look of distinction.
- Waterfall-shaped edges and rounded corners are easy on elbows and knees.
- Premium, high-pressure laminate resists scratches, spills.

10700 U-Shaped Workstation in Mahogany with Frosted modesty panel and stack-on storage doors. Nucleus® upholstered chair in Stitchery Olivine.

10700 Series station in Henna Cherry. Tackboard in Glow Pyrite. Mirus® work chair in Signal Onyx. Mirus® guest chairs in Arrondi Honey and Black frame.

10700 SERIES

Enhanced storage options include open/file laterals.

All drawers lock to secure contents.

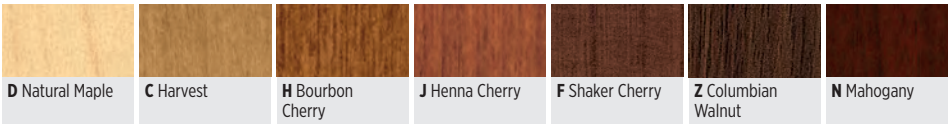

Optional transaction counter anchors to grommets to convert L-stations into reception desks.

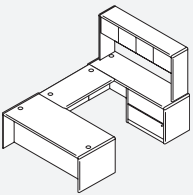

Angled front center drawer can be used on desks or peninsulas with modesty panels.

PUTTING THE 'PLAN' IN 'OPEN PLAN'

The advantages of open office spaces—higher density, greater flexibility, easier collaboration—are multiplied with the smart use of workstation furniture systems. Our workstation options can help you create an organized, efficient, and hardworking open office environment.

Systems

Monolithic

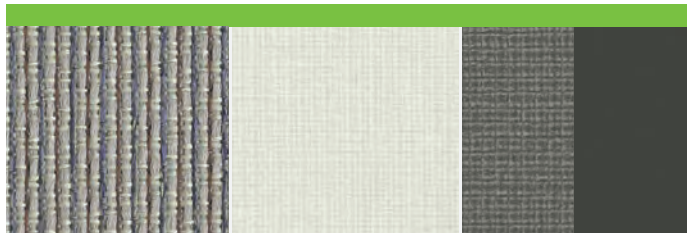

Do you need a practical panel-based solution that meets the needs for storage, privacy, and power in open plan environments?

Columns

Does the contemporary, airy look of Vicinity's column-based desking and storage appeal to you?

Frame-and-tile

Do you need the greatest possible flexibility in configurations, finishes, and functional options?

Materials

Fabric

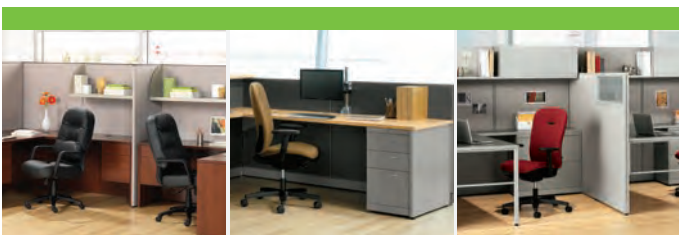

Are you looking to add color or textural interest to your workplace?

Laminate

Does your environment require the cleanability of hard-surface panels or tiles?

Mixed materials

Will realizing your vision take a little of this and a little of that?

Panel Height

Full-height

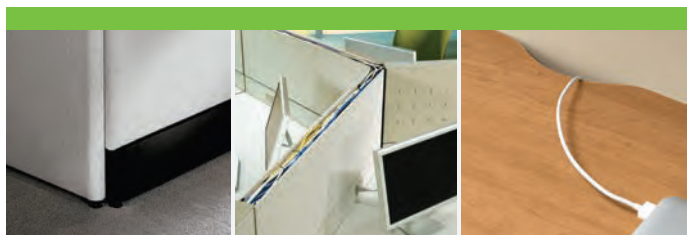

Do workers require private space for heads-down concentration?

Half-height

Will enabling over-the-panel conversations enhance collaboration among employees?

Combination

Are you looking to minimize distractions from passers-by while still facilitating interaction between adjacent team members?

Electrical Support

Panel base

Will this streamlined, economical choice support your basic power needs?

Power panels

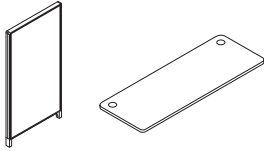

Do workers require convenient access to power at the worksurface?

Cord Routing

Do you require additional wire management beyond standard scallop edges?

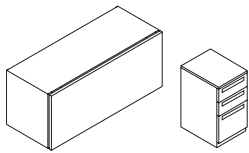

Parts and pieces

When configuring your workstations, there are a handful of basic options you'll need to consider.

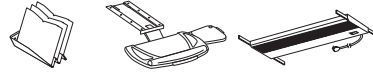

Panels and Worksurfaces

- Panels are available in multiple heights to balance privacy and collaboration.
- Worksurfaces can be attached directly to panels.
- Freestanding desks can also provide a work surface within the station.

Storage

- Panel-mounted overheads provide an extra level of storage.
- Pedestals and file centers keep supplies handy and fit neatly below work surfaces.

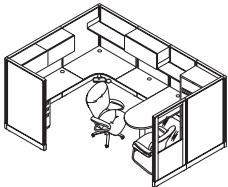

Accessories

- Paper management toolbars and SecureFit accessories keep active files within easy reach.
- Keyboard platforms provide comfortable support.
- Task lights can be mounted underneath overheads to give people additional lighting they can control.
- Power accessories route cables and provide access to power and data wherever it is needed.

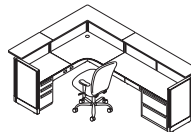

Go Configure

Here are four sample workstation configurations—along with a couple tips for each. For more ideas, visit hon.com.

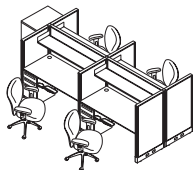

Private Office

- Use coordinating freestanding desking components to create a cohesive design from private office to open plan.
- Add a table and guest chairs for meetings.

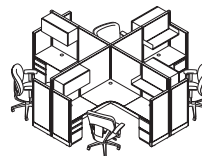

Reception Station

- Add a countertop to facilitate guest interaction.
- HON guest chairs and seating for public spaces welcome guests in comfort and style.

Telemarketing Station

- Compact configuration makes efficient use of floor space.
- Above and below work surface storage options control clutter.

Group Environment

- Varied panel heights balance privacy and collaboration.
- Shared panels mean you can expand two stations to four with only one additional panel.

See page 5

INITIATE®

Simple, smart, sustainable—that's Initiate®. It's easy to specify and install, a cinch to reconfigure, and packed with features that reduce environmental impact.

- Our unique panel connection simplifies installation and reconfiguration as every panel attaches the same way.
- Panels feature integral finished ends, so there's no need for additional parts when modifying your office layout.
- One universal connector is used for all right-angle layouts, further streamlining reconfiguration.

Initiate® workstations with fabric panels in Appoint Morel, trim in Brilliant White finish, and laminate worksurfaces in Harvest. Ignition™ task chairs with mesh backs in Black, seats in Centurion Tangerine, and Black frames.

Nucleus® work chair with ilira-stretch M4 mesh back in Vanilla, seat in Attire Sable, and Polished Aluminum base. Nucleus® multi-purpose chair with arms and glides, ilira-stretch M4 mesh back in Vanilla, seat in Attire Sable, and Titanium frame. Initiate® workstation with fabric panels in Twilight Crème, Platinum Metallic finish, laminate worksurfaces in Columbian Walnut, and tackboard in Asana Chakra.

INITIATE®

Universal connector simplifies reconfiguration.

Panels have integral finished ends—no trim to order.

Specify up to three segments in a single panel.

Laminate panels hang tough in demanding applications.

Sustainable Nature Core™ fiberboard fills all tackable panels.

Scalloped cutouts bring subtle style to cord management.

Optional power hub fits 3" round grommet holes.

Open foot panels provide a lighter, more open look.

Monitor arm frees up space on the worksurface.

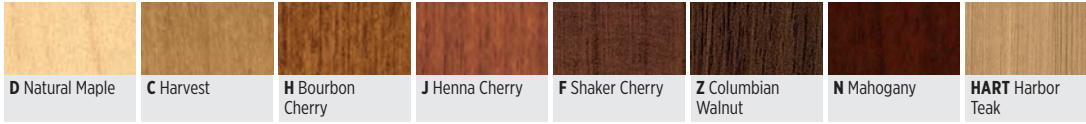

Initiate[®] private office with hard-surface laminate panels in Harvest, Muslin finish, and laminate worksurfaces in Harvest. Ignition[™] executive and guest chair in Attire Ivy. Flagship[®] storage in Muslin.

VICINITY®

Vicinity® adapts to any setting, organizes any person, and offers a refined look that supports any image. Its unique modular components replace traditional storage, desking, and workstations.

- Desk options, storage pieces, and accessories combine to offer hundreds of possible configurations.
- Create custom spaces in open environments, private offices, and reception areas.
- Bring organization to every person and place in your office.

Vicinity® executive office in Champagne Metallic with laminate worksurfaces in Sheer Mesh and edgeband in Muslin. Vicinity® storage in Champagne Metallic with laminate fronts in Harvest and tackboard in Asana Bhakti. Nucleus® work chair with ilira®-stretch M4 mesh back in Fog, seat in Boom Black Ice, and Black frame. Nucleus multi-purpose chair with ilira®-stretch M4 mesh back in Fog, seat in Sector Nightfall, and Black frame.

Vicinity® teaming station in Champagne Metallic with laminate worksurfaces in Harvest and tackboards in Glow Champagne. Flagship® storage in Champagne Metallic. Ignition™ work chair in Quadrille Blaze and Black frame.

Privacy screens expand your configuration options.

SecureFit accessories let you organize your way.

Articulating shelves adjust to any of five positions.

Piling trays and box drawers provide smart storage.

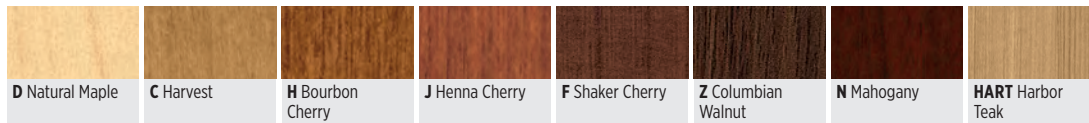

Unique articulating shelves display and organize materials.

Wardrobe storage features hanging rack and adjustable shelves.

Support your work

Furniture-wise, nothing impacts office productivity more than seating. HON's complete seating assortment—work/task chairs, executive/conference chairs, specialty seating, guest chairs/public space, and stacking/nesting chairs—covers every seating need in today's workplace.

THE CHAIR MAKES ALL THE DIFFERENCES

People are different: different sizes, different shapes, different jobs, different tastes. One thing everyone has in common, however, is the need for office seating that can accommodate all of these differences. That's why we offer a wide range of seating options: work/task chairs that deliver a custom fit, executive/conference chairs that project a professional image, and more—all in a range of styles that can be personalized through our extensive textile collections.

Applications

Conference Room

How long will meetings typically last? Will they regularly evolve into collaborative work sessions?

Reception Area

What kind of welcome do you want to extend to your guests?

Breakroom

How flexible do these spaces need to be? What kind of tables will be used here?

Work Area

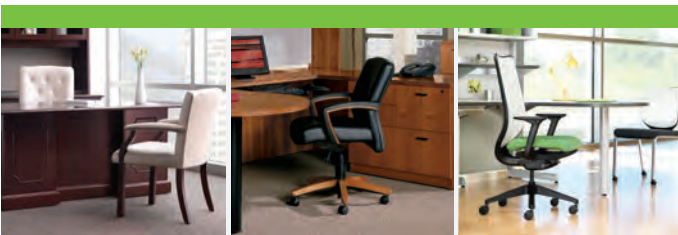

How much of the work day will be spent sitting down? Do multiple shifts use the same chairs in this space?

Training Room

Is training a dedicated function of these spaces, or do they need to be flexible?

Executive/Private Office

Is the priority here form (aesthetics) or function (productivity)... or both?

Styles

Traditional

Does the button tufting of 6540 Series or nailhead trim of Jackson™ convey the timeless style you're looking for?

Transitional

Is the clean, understated elegance of Park Avenue Collection® the right look for your space?

Contemporary

Are you open to the breathable mesh work/task chairs often found in today's more contemporary workplaces?

Textiles

Core

Are you looking to cover your chairs in hardworking fabrics, vinyls, or leathers that more than cover the basics?

Select

Do you want even more fashion-forward choices from Maharam and Momentum Group, all still available with standard lead times?

Smart

Does your vision require our broadest array of textiles—the roughly 2,300 designer options available through our Smart Textiles program (honsmarttextiles.com)?

Work/Task Chair Adjustments

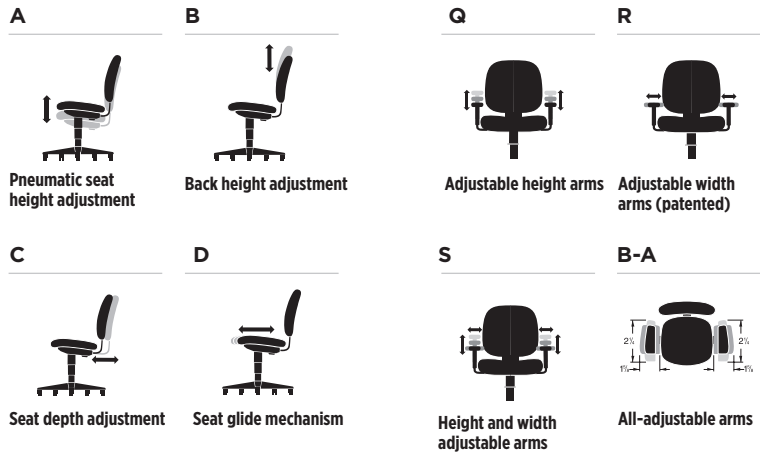

Work/task chairs need to be adjusted to deliver optimum support. Cross-reference the letter key below to identify the chairs in this section that best meet your needs.

Proportional Adjustments

These controls adapt the dimensions of the chair to fit the user.

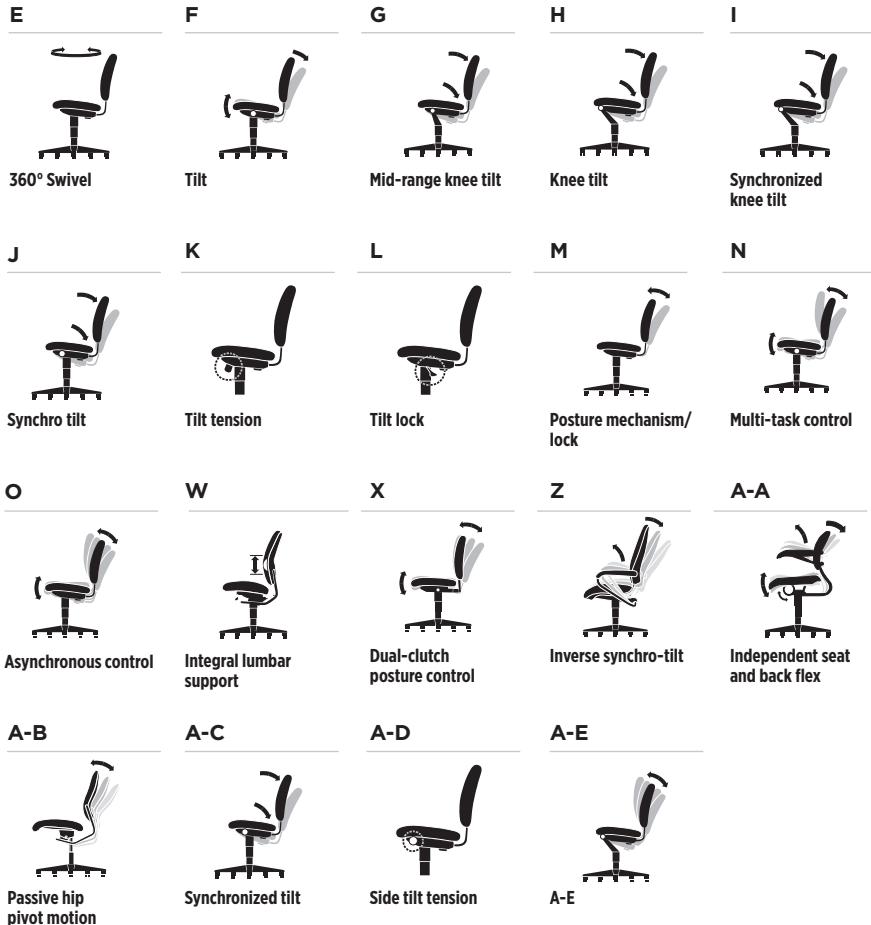

Arm Options

These adjustments accommodate different sized users and support keyboarding.

Posture Controls

The controls modify the position and angle of the seat and back to respond to changing tasks.

Adjustment Key

- A. Pneumatic seat height adjustment**
Regulates height of chair relative to floor.
- B. Back height adjustment**
Positions lumbar support within a fixed range.
- C. Seat depth adjustment**
Positions chair back relative to seat.
- D. Seat glide mechanism**
Seat cushion travels forward and back, then locks into position.
- E. 360 Swivel**
- F. Tilt**
Pivot point located directly above center of chair base.
- G. Mid-range knee tilt**
Pivot point located slightly ahead of center of chair base. Allows user to recline at a slightly more relaxed angle than conventional tilt.
- H. Knee tilt**
Pivot point located near front edge of chair. Allows user to keep feet flat on floor while chair reclines.
- I. Synchronized knee tilt**
Back reclines at a 2-to-1 ratio to seat angle. Pivot point located near front edge of chair.
- J. Synchro-tilt**
Back reclines at a 2-to-1 ratio to seat angle. Allows user to recline while keeping seat cushion relatively level to floor.
- K. Tilt tension**
Controls rate and ease of recline.
- L. Tilt lock**
Locks out tilt function when chair is in upright position.
- M. Posture mechanism/lock**
Back angle adjusts independently of seat, and can be locked in an infinite number of positions within a fixed range.
- N. Multi-task control**
Adjusts seat and back angles independently with a single lever (infinite locking within a fixed range).
- O. Asynchronous control**
High performance system with three levers to modify:
 - Angle of back relative to seat
 - Tilt (free float or infinite locking)
 - Forward tilt.
- Q. Adjustable height arms**
Provide improved upper-torso support. Can be adjusted periodically to relieve strain and provide variety.
- R. Adjustable width arms (patented)**
Quick-adjust design places arms close to body for key-boarding, or out to sides for ease of entry.
- S. Height and width adjustable arms**
Controls both height and width of arms for optimum comfort.
- W. Integral lumbar support**
Easily adjusts to enhance comfort.
- X. Dual-clutch posture control**
Adjusts seat and back angles independently with two levers (infinite locking within a fixed range).
- Z. Inverse synchro-tilt**
Automatic tension control opens torso for better circulation. "Zero lift" seat front helps keep feet on the floor when reclining. Tilt limiter controls range of motion.
- A-A. Independent seat and back flex**
Seat and back flex independently for automatic comfort.
- A-B. Passive Hip Pivot Motion**
Seat remains stationary while back pivots.
- A-C. Synchronized tilt**
Back reclines at a 2.5 to 1 ratio to seat angle. Variable lock.
- A-D. Side tilt tension**
Controls rate and ease of recline. Conveniently located on the right side.
- A-E.**
Back reclines at a 2 to 1 ratio to seat angle. Back angle adjusts independently of seat and can be locked in infinite number of positions within a fixed range.
- B-A. All-adjustable arms**
Arms adjust in height, width, and depth.

HON SEATING AT A GLANCE

Seating is sorted based on type (work/task chairs, executive/conference chairs, etc.) and grouped by product line. So whether you're looking for a specific type of chair or coordinated seating for your entire office, it's easy to find what you need.

Bust your clutter

The right mix of shared and personal storage can keep any organization better organized. HON pedestals, laterals, file centers, storage towers, shelf files, vertical files, and bookcases provide durable storage options that integrate easily with desks and workstations.

STORAGE

STORAGE

STORAGE

YOU KNOW YOU'RE A KEEPER

Most decisions about storage start with a decision about stuff. Basically, you've got stuff and you've decided to keep it. Now you just need a place. We make filing and storage cabinets of every style and size so you can tuck anything away and find it fast. And whichever HON storage solution you decide on, you can bet it's built to last. From our slide suspensions to our baked enamel finishes, the durability of HON storage is outta sight.

Cabinet Styles

Pedestals

Is space-efficient personal storage a priority?

Lateral Files

Do you need to store and easily retrieve a high volume of paper files?

File Centers and Storage Towers

Do you need combination storage that can accommodate personal items as well as work files?

Shelf Files

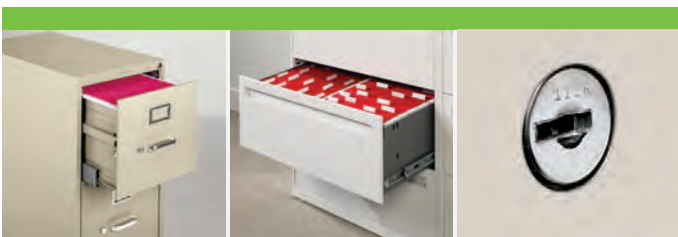

Are you storing medical or dental records?

Vertical Files

Do you have limited floor space, a limited budget, but seemingly limitless paper records to file away?

Bookcases

Do you need a practical spot to keep binders and reference books?

Drawer Suspension and Locks

Suspension Style

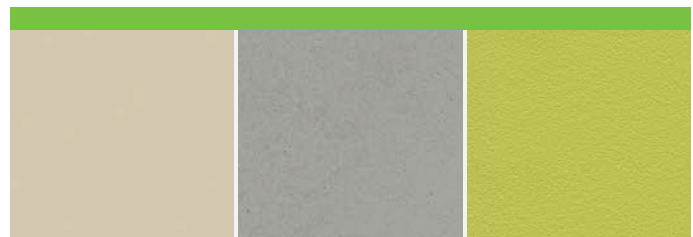

Will basic cradle suspension drawers cover your moderate use? Or does your more intensive-use environment require ball-bearing suspension drawers?

Mechanical Interlock

Do you need a safety restraint to prevent more than one drawer at a time from being extended?

Locks

Are you storing items that need to be securely locked away? If so, would you want all storage locks to be keyed alike?

Finishes

Core Paints

Are you looking for basic colors with strong consistency?

Choice/Metallic

Do you need an exact match for one of the industry's 32 most popular colors? How about the contemporary look of white or metallic?

Custom

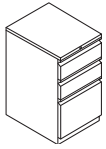

Do you need a custom color created?

File Under 'Options'

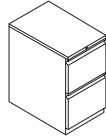

Pedestals and lateral files—two popular storage cabinet styles—offer additional filing options.

Pedestal Filing Options

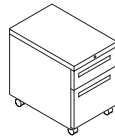

The type and number of drawers on any pedestal can be specified in a number of ways. Box drawers typically hold smaller items, such as pens and pencils. File drawers hold standard hanging files.

Box/Box/File

File/File

Box/File

Lateral Filing Options

You can orient lateral file drawers in a variety of ways to accommodate different paper sizes, expand capacity, and make retrieval easier.

Front-to-back

- 30" wide files provide 30" of filing with letter/letter rows.
- 36" wide files provide 30" of filing with letter/letter, legal/letter, or letter/legal rows.
- 42" wide files provide 45" of filing with 3 rows of letter or 30" of filing with 2 rows legal, or 2 standard printout rows.

Combination

- 30" wide files - not recommended.
- 36" wide files provide 15" of front-to-back filing and 20" of side-to-side legal filing.
- 42" wide files provide 15" of front-to-back filing and 26" of side-to-side legal filing.

Side-to-side

- 30" wide files provide 27" of filing for letter or legal documents.
- 36" wide files provide 33" of filing for letter or legal documents.
- 42" wide files provide 39" of filing for letter or legal documents.

See page 5

FLAGSHIP®

Get organized with the best-built storage components around. Just slide open a file drawer—you'll feel the difference.

- Superior construction and durability befitting HON's premier storage line.
- Comprehensive line consists of pedestals, laterals, file centers, towers, bookcases, and storage cabinets.
- Choose from multiple paint colors, pull styles, and interior configurations.
- Can be used in freestanding applications or as part of complete workstations.

Gather your team

Every workplace requires the basic functionality of a table. HON goes beyond basic with elegant conference tables, versatile multi-purpose tables, durable training tables, and more—all available in a vast array of sizes, shapes, and finishes.

TABLES

CONFERENCE
p.164

MULTI-PURPOSE
p.172, 177, 179

HOSPITALITY
p.178

TABLES

THE FUTURE OF WORK IS ON THE TABLE

As collaborative work styles continue to gain popularity, more and more work is getting done outside designated work areas. Teams of collaborators make excellent use of the shared spaces in office environments. And in the heart of these spaces, there's usually a table that serves as a gathering point for the exchange of ideas. When you're considering a table, you're considering a tool to support these exchanges.

Types

Conference

Do you need a centerpiece for a formal meeting space?

Occasional

Do you have a reception area in need of coffee, corner, or end tables?

Multi-purpose

Are versatility, mobility, and reconfiguration the attributes you're looking for in a table?

Training

Are you looking for tables to essentially function as desks during training sessions or seminars?

Hospitality

Are you looking for standard or café height tables for a cafeteria or breakroom?

Side

Do you need a place for informal meetings within a private office setting?

Materials

Wood Veneer

Do you want the beauty of real wood and the polished, professional image it evokes?

Laminate

Do you need the easy-care durability that scratch-, stain-, and spill-resistant HON laminate delivers?

Accessories

Wire management

Will power and/or data need to be accessed through the tabletop?

Modesty Panels

Is there a need for seated privacy? Is it not likely that the table will be used from both sides?

Ganging Hardware

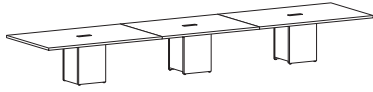

Will multiple tables be used in-line to create rows?

Casters

Do you anticipate the need for mobility?

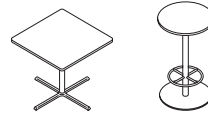

Table Settings

All the spaces within your workplace have potential to benefit from HON tables. Think about where you'll use your table, and explore the solutions designed for those places.

WE'VE LEARNED HOW TO HELP TEACHERS

Education is constantly evolving. If classroom furniture can't keep up, there's a real danger of something (or someone) being left behind. From our perspective, that's not an option. All of our furniture solutions for learning environments start with a desire to provide every student with every possible learning advantage. We listen to educators, translating their insights into solutions that support a range of teaching and learning styles.

Design

4-leg

Are you blending together new and existing furniture?

Cantilever

Are you looking for a solution that facilitates cleaning and maintenance?

Combo

Will these one-piece designs realize images of neat, tidy rows of student desks?

3-leg

Are you open to the form-follows-function design of the innovative, ergonomic SmartLink student desk?

Materials

High-pressure Laminate

Is value your key driver for purchasing decisions—as long as furniture still resists moisture, peeling, and chipping?

Hard Plastic

Does your environment dish out more intensive wear and tear, requiring materials that resist defacing?

Adaptability

Fixed

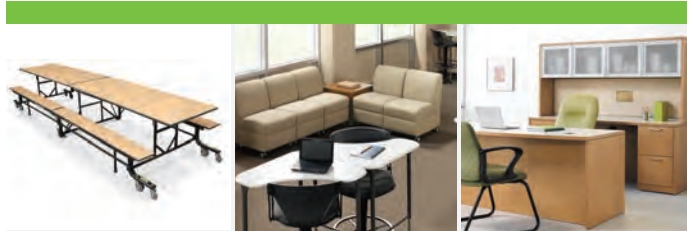

Can a standard height accommodate the majority of your students?

Adjustable

Do you need to accommodate a wider range of grade levels and ages?

Sit-to-stand

Do you need to add flexibility to common areas? Are teachers looking for an alternative to traditional seated desks?

Additional Applications

Cafeteria

Could your cafeteria benefit from tables with spill-resistant tops and heavy-duty, locking casters?

Lounge

Have you considered guest chairs, lounge seating, and tables to add comfort and functionality to teachers lounges, libraries, or common spaces?

Administration

Do you also need desking, storage, and seating for school offices?

Smart Ideas

The innovative shape of the SmartLink® student desk allows easy reconfiguration to support a wide variety of teaching and learning styles. Here are just a few ideas.

Desk Positions

Right-handed Position
Provides arm support for right-handed writing.

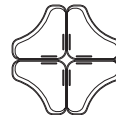

Left-handed Position
A quick turn provides writing supports for lefties.

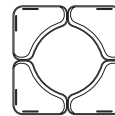

Forward Position
Comfortable for teacher-directed lessons.

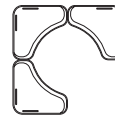

Desk Configurations

Collaborative
Group four desks together for collaborative work.

Work Groups
Four desks can support a work group of up to 8 students.

Teacher-centered
Place desks in a presentation circle for teacher-centered reading groups.

Traditional Rows
Line up rows in forward position for a traditional environment.

Non-traditional Rows
Leverage the unique desktop shape to create inward-facing rows.

Duets
Two desks can be configured to accommodate pairs of students in a variety of ways.

See page 5

SMARTLINK®

Using basic components, SmartLink® makes it easy to create stimulating 21st century learning environments. The holistic system supports technology, aids organization, and adapts to different teaching and learning styles.

- As a fully integrated system, details, color palette, and styling are consistent across all SmartLink products.
- Easily reconfigurable to support all learning styles and keep environments stimulating.
- Teacher station, wall rail system, and modular storage feature crossover functionality that works well in classrooms and collaborative common spaces.

SmartLink® teacher stations with Reflection top and shelves, Charcoal metal surfaces, Platinum Metallic frame. SmartLink® wall rail system with Platinum Metallic trim, tackboard in Element Warm Beige. SmartLink® student desks with Sand tops and Charcoal legs. SmartLink® modular storage with Reflection tops and shelves, Platinum Metallic metal surfaces, and Charcoal frame. Mirus® chairs in Arrondi Taupe and Black frame. Accomplish® chairs and stools in Red with Charcoal frame.

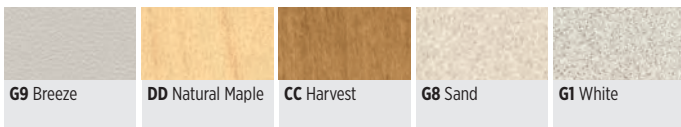

SmartLink® modular storage with Reflection tops and bases, Platinum Metallic metal surfaces, Charcoal frame, and optional whiteboard. SmartLink® student desks with Sand tops and Charcoal legs. SmartLink® teacher station with Reflection top and base, Charcoal metal surfaces, Platinum Metallic frame. SmartLink® white board and wall rail system with Platinum Metallic trim and tackboard in Element Warm Beige. Accomplish® 4-leg chairs in Red with Charcoal frames. Accomplish® swivel chairs in Red with Charcoal bases. Mirus® work chair in Arrondi Taupe.

SmartLink® tray storage kits are interchangeable between teacher stations and modular storage.

SMARTLINK® SEATING

"In your seats" is often teacher-speak for "Pay attention." When those seats are SmartLink® chairs, paying attention comes more easily. Four sizes fit the vast majority of students, and durable one-piece seats are contoured for comfort.

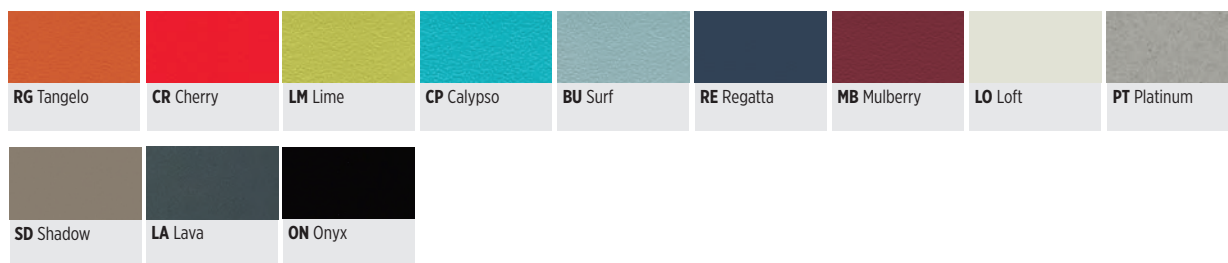

- Swivel chairs and stools for teachers coordinate perfectly.
- 4-leg chairs available in 12", 14", 16", and 18" heights.
- Casters available on 16" and 18" 4-leg chairs.
- Optional wire storage basket fits 16" and 18" 4-leg chairs only

SmartLink® teacher stations with Reflection, Charcoal metal surfaces, Platinum Metallic frame. SmartLink® student desks with Sand tops and Charcoal legs. SmartLink® 4-leg Chairs, Task Chair and stools in Tangelo with textured Charcoal frame.

DESKS

PROFICIENCY®

An economical choice for height-adjustable student desks. Desktop can be adjusted within a range of 22" to 32". The durable hard plastic top stands up to intensive use.

- The 26" x 19" desktop is one of the largest on the market.
- Open design provides plenty of room below the desktop for legs and knees.
- Built-in pencil groove keeps pens and pencils from rolling onto the floor.
- Use with Proficiency® seating for a coordinated look.

PRODUCT LINE HIGHLIGHTS

4-Leg Desk
\$443 - \$528 (2/carton)

ACTIVITY TABLES

From preschool to high school, from art projects to science experiments, height-adjustable activity tables stand up to students through the ages.

- Multiple sizes, shapes, and colors available to meet any requirement.
- Choose from three leg options.
- High-pressure laminate tops withstand demanding daily use.

COMMUNICATIONS SUPPORT

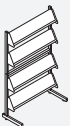

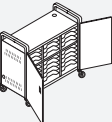

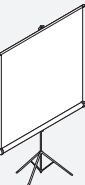

COMMUNICATIONS SUPPORT

To educate, you must first communicate. HON offers a number of components that support your efforts to make an impression using whatever medium you choose.

- Audio-visual cart accommodates media equipment and support materials.
- Literature display stand serves as a mini library.
- Adjustable projector cart holds and transports LCD projectors.
- Laptop storage cart accommodates up to 30 laptops.
- Projection screens available in multiple sizes and portable or permanent models.
- Utility/book truck holds up to 400 pounds.

WHAT DO YOU HAVE TO SAY?

The surface materials you select for your workplace furniture will communicate something about your organization. From ultra-traditional to uber-trendy, HON's surface materials library provides the vocabulary for whatever you have to say. We've coordinated finishes across products to make it easy for your HON furniture to speak a unified voice.

Textiles

Core

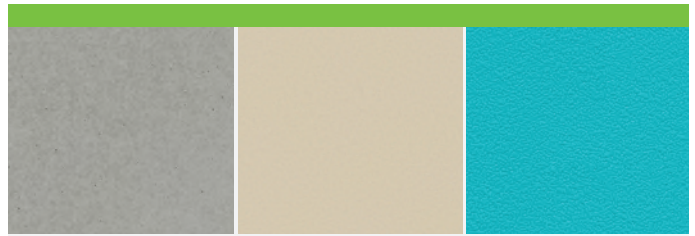

Are you looking to cover your chairs in hardworking fabrics, vinyls, or leathers that more than cover the basics?

Select

Do you want even more fashion-forward choices from Maharam, Momentum Group, CF Stinton, and Ultrafabrics, all still available with standard lead times?

Smart

Does your vision require our broadest array of textiles—the roughly 2,300 designer options available through our Smart Textiles program (honsmarttextiles.com)?

Paints

Core

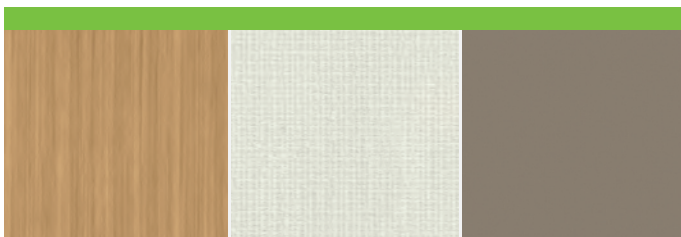

Are you looking for basic colors (grays and beiges) with strong consistency and gloss?

Choice

Do you need an exact match for one of the industry's 32 most popular colors?

ColorCorrect

Do you need a custom color created?

Laminates

Woodgrain

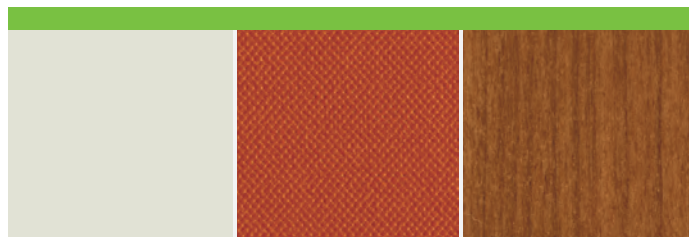

Do you like the rich look of wood, but want a more economical alternative to veneer?

Patterned

Are you looking to add texture to worksurfaces for contrast with woodgrain or solid desk shells?

Solid

Would you like to match the Core paint finishes on your HON storage and files?

Sustainability

Low VOCs

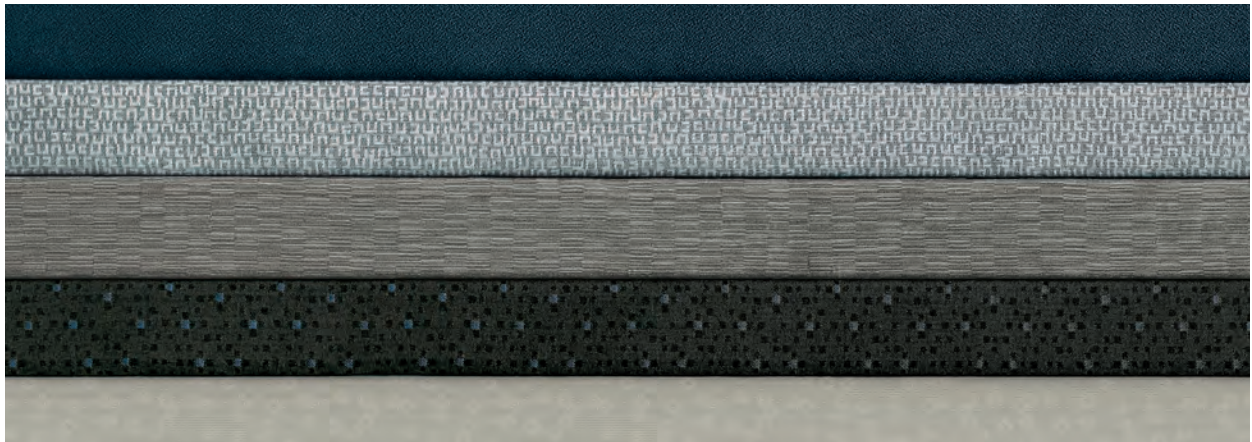

Do you want to make sure the commercial painting processes used to finish your furniture control harmful emissions?

Recycled Content

Are you looking for textiles such as Terratex®, which is made from 100% recycled or compostable material, or Repreve®, a 100% recycled polyester yarn?

Renewable Sources

Do you want to verify the source of the hardwoods and veneers used to make your furniture?

Material Palettes

The finishing touches are usually the first things that get noticed. That can put a lot of pressure on surface materials. Whether you're looking for new office furniture to blend with an existing environment or starting from scratch, working within a carefully considered palette of surface materials can help guide the selection process.

Expanding and Matching

If you're adding a few pieces to your current office, let the existing décor establish your ground rules. Are the same fabrics and finishes still available? If not, is there a compatible alternative? Our surface materials selection is broad enough to ensure a consistent look—and often a perfect match—between old and new.

Starting and Building

If you're starting from scratch, consider building around our 10500 Series or Voi laminate desking lines. Both collections offer Patterns of Choice—a set of designer-selected palettes that break down the surface material selection into simple steps. Patterns of Choice takes the guesswork out of specifying surface materials while putting interesting design possibilities in play.

Special Fabric Needs

The ways some environments shape surface material choices go beyond aesthetics.

- **Moisture Barrier:** Fabrics protected by Crypton® (including Chance, Dart, and Floret) or PERMABLOK3® (Candid and Quick) offer the resistance to bacteria and germs necessary for healthcare environments.
- **24/7 Use:** Solution-dyed nylon (available in Signal fabrics) and Nano-Tex® protection (Tectonic, Inertia, and Centurion) help seating upholstery stand up to almost constant wear and tear.
- **Fire Resistance:** An array of HON seating upholstery options are available with an advance barrier of fire protection to comply with CAL 133 (California Technical Bulletin 133), the industry's most stringent test for fire-retardant office furniture. For more information on CAL 133, consult your HON dealer.

DESK FINISHES

The beauty of wood veneer. The durability of laminate. The timeless value of classic steel. HON desk finishes deliver substance as well as style.

The photographic reproduction of fabrics and finishes is a high-speed printing process. Actual samples should be obtained before making fabric and finish selections.

Wood Veneers

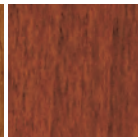

DD Natural Maple

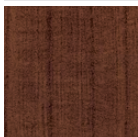

CC Harvest

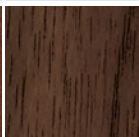

HH Bourbon Cherry

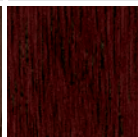

JJ Henna Cherry

FF Shaker Cherry

ZZ Columbian Walnut

NN Mahogany

HON wood veneer furniture is solidly constructed of select hardwoods and veneers. Veneers are carefully chosen for the beauty and symmetry of their grain patterns. Tops are sealed in two heavy coats of stain lacquer, then hand polished with a multi-step finishing process. Wood owes its inherent beauty to variations in color, grain, and texture. As a result, there may be minor variations from one piece of furniture to the next, even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. For these reasons, The HON Company does not guarantee the exact matching of grain, pattern, and color.

Woodgrain Laminates

HART Harbor Teak

All woodgrain and core laminate surfaces provide authentic color and gloss, as well as strength and durability.

STORAGE FINISHES

Things to remember: Some HON files and storage solutions offer laminate tops. Don't see a paint color that will work in our Core or Choice/Metallic offerings? Don't forget about the HON ColorCorrect program. Details below.

The photographic reproduction of fabrics and finishes is a high-speed printing process. Actual samples should be obtained before making fabric and finish selections.

STORAGE FINISHES

Patterned Laminates

All patterned laminate surfaces have been carefully designed to provide complementary tones to HON paint finishes. These surfaces reflect user needs for strength, durability, and gloss.

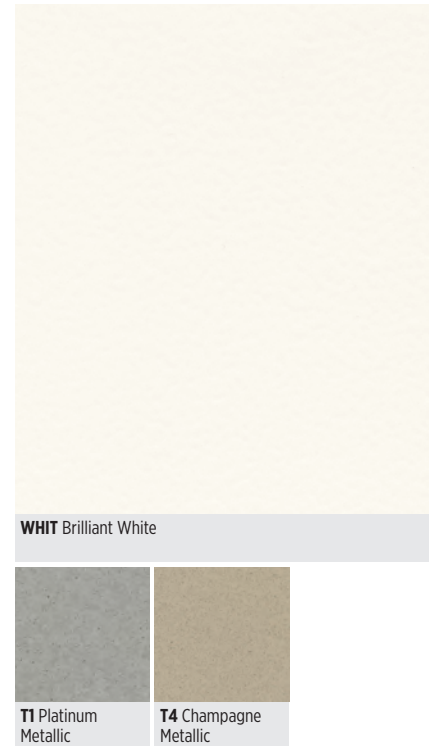

Core Paints

All HON painted surfaces are computer-matched and formulated for consistent color and gloss. The durable baked-enamel surfaces resist the scratches and abrasions encountered in commercial office environments.

In addition to the seven core colors and two metallic colors, HON offers the ColorCorrect® program. Under the ColorCorrect program, customers can order over 32 of the industry's most popular colors. Still can't find the color that's right for you? Ask for a custom color.

Choice/Metallic Paints

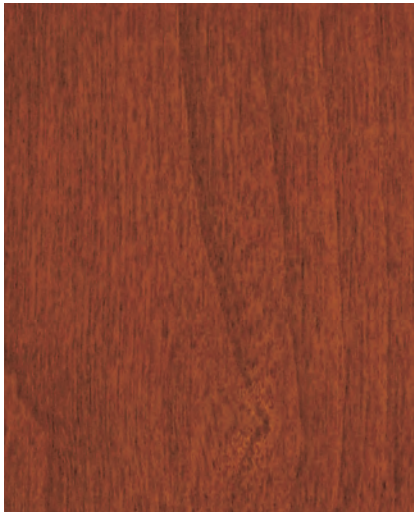

Not all HON laminate colors are available on all storage. Please consult your HON dealer for availability.

TABLE FINISHES

Whether you need a glossy veneer conference table for the boardroom or a dozen stain-resistant laminate tables for the break room, we've got the materials and finishes for you.

The photographic reproduction of fabrics and finishes is a high-speed printing process. Actual samples should be obtained before making fabric and finish selections.

Wood Veneers

JJ Henna Cherry

DD Natural Maple

CC Harvest

HH Bourbon
Cherry

FF Shaker Cherry

ZZ Columbian
Walnut

NN Mahogany

HON wood veneer furniture is solidly constructed of select hardwoods and veneers. Veneers are carefully chosen for the beauty and symmetry of their grain patterns. Tops are sealed in two heavy coats of stain lacquer, then hand-polished with a multi-step finishing process. Wood owes its inherent beauty to variations in color, grain, and texture. As a result, there may be minor variations from one piece of furniture to the next, even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. For these reasons, The HON Company does not guarantee the exact matching of grain, pattern, and color.

EDUCATION FINISHES

Durability moves to the head of this class of finishes for seating and workspaces. Some options add color to learning environments, and others coordinate with existing classroom furniture.

The photographic reproduction of fabrics and finishes is a high-speed printing process. Actual samples should be obtained before making fabric and finish selections.

FULL LIFETIME WARRANTY

Your HON Full Lifetime Warranty

Every time you purchase a HON product, you're making an investment in your future. We're proud to play a part in that future, and you can trust us to do our best for as long as you need us.

The HON Full Lifetime Warranty is our assurance to you that the HON desks, workstations, seating, tables, or storage you purchase will be free from defective material or workmanship for the life of the product.

In the unlikely event that any HON product or component covered by the HON Full Lifetime Warranty should fail under normal workplace use as a result of defective material or workmanship, HON promises to repair it. If we are unable to repair it, we will replace it with comparable product or, if you prefer, we will refund your purchase price.

What's covered by the HON Full Lifetime Warranty?

Your HON Full Lifetime Warranty applies to product manufactured after January 1, 2011. All HON product lines, materials, and components are covered by your HON Full Lifetime Warranty except for the items described below.

The specific product lines, materials, and components listed below are covered under HON's Full 12-Year and Full 5-Year Warranties (from date of purchase).

HON's Full 12-Year Warranty

- Electrical components (lamps and ballasts are not covered)
- Seating *ilira*®-stretch
- Laminate surfaces
- Seating controls
- Signal seating upholstery fabric
- Accessories
- Wood seating
- Veneer surfaces

HON's Full 5-Year Warranty

- Panel and seating textiles

These warranties apply to HON products sold within the United States of America, U.S. Territories, and Canada, as well as U.S. Military and Federal Agency purchases (regardless of location).

Is anything not covered?

There are a few exclusions to the HON Full Lifetime Warranty and to the 12- and 5-year warranties. These exclusions are:

- All *basyx*® by HON products (these products are covered under a separate *basyx*® by HON warranty).
- Color-fastness or matching of colors, woodgrains, or textures occurring in wood, leather, or other materials that naturally exhibit inherent color variations.
- Customer's own materials (COM) selected by and used at the request of a user.
- Modifications or attachments to the product that are not approved by The HON Company and product failures resulting from such modifications or attachments.
- Product normal wear and tear, which is to be expected over the course of ownership.
- Products that were not installed, used, or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.

Warranty requests or questions?

Your HON dealer is our mutual partner in supporting your warranty requests. To obtain service under this warranty, please contact your HON dealer. If you are not sure who your dealer is, please call HON Customer Support at 800-833-3964.

THAT'S YOUR HON FULL LIFETIME WARRANTY. AS AN OWNER OF HON PRODUCT, THE WARRANTY EXPLAINED HERE IS YOUR SOLE AND EXCLUSIVE REMEDY. THERE ARE SOME EXCEPTIONS IF YOU PURCHASED THE PRODUCT FOR HOME OR PERSONAL USE WHICH ARE EXPLAINED BELOW. TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

A word about purchases for home or personal use

Please note, this section only applies if you purchased your HON product for your home or for your own personal or family use. HON's warranties give you specific legal rights and you may have other rights, which vary from state to state. As a consumer purchaser, the complete exclusion of implied warranties noted in the above paragraph does not apply to you, however, to the extent allowed by applicable state law, the implied warranties are limited to the applicable term of the warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion or limitation may not apply to you.

LIMITED 5-YEAR WARRANTY

The HON Company promises to repair or replace any *basyx*® by HON product or component that is found to be defective in material or workmanship within five (5) years from the date of original purchase so long as you, the original purchaser, still own it. This is your sole and exclusive remedy. This warranty is subject to the provisions below. It applies to product manufactured after July 1, 2004.

Limitations:

- Upholstery on chairs is warranted for two years from date of purchase.
- Damage caused by the carrier in-transit is handled under separate terms.

Exceptions:

- Pneumatic cylinders on chairs are warranted for so long as you, the original purchaser, still own the chair.

Exclusions:

This warranty does not apply and no other warranty applies to:

- Normal wear and tear, which are to be expected over the course of ownership.
- Modifications or attachments to the product that are not approved by The HON Company.
- Products that were not installed, used or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.

Seating Usage

Normal commercial use for seating is identified as the equivalent of a single shift, forty- (40) hour workweek. To the extent that a seating product is used in a manner exceeding this, the applicable warranty period will be reduced in a pro-rata manner.

A word about color variations, fabrics and finishes:

The HON Company does not warrant the color-fastness or matching of colors, grains or textures of covering materials.

Customer's Own Material (COM)

Not available on *basyx*® by HON product.

TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

Notice to purchasers for home or personal use:

Federal law does not permit the exclusion of certain implied warranties for consumer products. Therefore, if you are purchasing this product for home or personal use, the exclusion of implied warranties noted in the above paragraph does not apply to you. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This warranty applies only to products sold within the United States of America and the Commonwealth of Canada.

To obtain service under this warranty:

Your *basyx*® by HON Dealer is our mutual partner in supporting your warranty requests. By following the procedures outlined below, you can be assured of the best level of service. Please note: Consent of The HON Company must be obtained before any warranty work is performed. To obtain consent, please take the following steps:

1. Contact the Dealer from whom the product was purchased within 30 days of discovery of the defect. Be prepared to affirm that you are the original purchaser of the product and to provide the serial number(s) from the product in question.
2. Your Dealer will gather all pertinent information regarding the claim, inspect the product and contact a HON Company customer service representative. (Please allow a reasonable amount of time for inspection and review.)

If The HON Company affirms that the product in question is eligible under the conditions of the warranty as stated above, the customer service representative or another representative of the Company will determine whether to provide replacement parts, authorize repairs or replace the product.
