## product warranty

Inwood Office Environments warrants its products to be free from defects in materials and workmanship given normal use and proper care, for a period of **twenty (20) years** of single shift service. Specific components are warranted to be free from defects in materials and workmanship for the following periods of time from the date of initial shipment:

<b>electrical components</b>	two (2) years
<b>pneumatic cylinders</b>	three (3) years
<b>control mechanisms</b>	three (3) years
<b>casters</b>	three (3) years
<b>suspensions</b>	(lifetime)

Fabrics will be covered only by the warranty of the original manufacturer. Inwood tenders this warranty only to original purchasers acquiring our products through those parties specifically authorized by Inwood to sell our products. Repair and/or replacement, at our option, will be made on any part or parts found to be defective within the terms of the warranty. The warranty shall not include any labor or shipping costs for replacement of any such parts or materials.

*This warranty does not cover nor is Inwood responsible for:*

- Damage(s) caused by a transportation company
- Damage(s) resulting from user modification, alterations, misuse, abuse or negligent use of our product
- Inwood does not recommend any glass overlays on any tops. The weight of glass may cause tops to warp, or prevent proper air or humidity circulation or natural expansion and contracting and thus cause veneers or finish to fail. Any and all overlays void all warranties."
- Damage(s), defect(s), or product failure(s) due to customers request for modifications to product design, product dimensions, product arrangement or normal product specifications
- Natural variations in color, grain, or texture of wood and other covering materials over which Inwood has no control
- Wearing or cuts to covering materials
- Customer's Own Materials (COM)
- Finish variations which naturally occur in cherry wood or cheery veneer due to age or exposure to light. The patina which develops in cherry products lends to the natural beauty of the wood, but also makes it difficult to provide an exact finish match on items which may have been previously ordered from Inwood.

*Inwood does not make any other warranties except as expressly set forth above, either expressed or implied, including any warranty of merchantability or fitness for any particular purpose. Inwood shall not be liable for consequential or incidental damages under this warranty. Further, Inwood makes no warranties, expressed or implied, for improper assembly and/or installation of its products.*

## order procedure

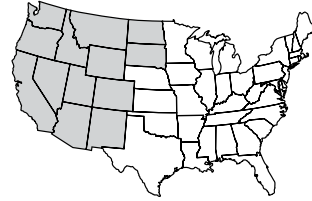

Inwood does not accept orders verbally.

Orders may be faxed, e-mailed or mailed directly to:

Inwood Office Environments  
PO Box 646  
Jasper, IN 47546  
Fax: 812.482.9732  
E-mail: inwood@inwood.net

All orders from authorized & credit-approved Inwood Office Environments dealers must be in writing and must include the following information:

Date  
Purchase Order Number  
Bill to Address  
Ship to Address  
Special Shipping Instructions (delivery notification, special ship dates, ship complete or split shipments, and tags if applicable)  
Complete Model Numbers (include finish & fabric numbers)  
Net Price  
Requested Delivery Date (if applicable)

## order confirmation

All complete orders will be entered and acknowledged promptly with approximate shipping date(s), transit times, and other pertinent information. This acknowledgement is the final agreement between Inwood and the customer, superseding all previous communications regarding the order. *NOTE It is the customer's responsibility to check the acknowledgment for accuracy. Please advise Inwood immediately of any discrepancies.*

## changes and cancellations

Because many of our casegood products and all of our seating products are made to order, we must limit customer changes and cancellations. We regret that changes and cancellations are not possible once production has begun. Production normally begins 48 hours after receipt of order. Orders for standard casegood products with in-stock finishes may be cancelled for a 30% restocking fee. Any non-stock finish is considered made to order and cannot be changed or cancelled. Any fabrics orders will not be able to be cancelled once the order for the fabric has been placed and cut.

## delivery information

Shipments are FOB destination for the 48 contiguous states. Orders are priced by destination zone as listed by state.

### zone 1

Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New Jersey, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Virginia, West Virginia and Wisconsin.

### zone 2

Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington and Wyoming.

[ QS ] indicates this item in referenced finish available for 48 hour shipment. Customer must indicate "QS" for each item on each PO. Maximum order quantities per item will apply, please contact customer service to check availability.

## Orders of less than 500 lbs will be assessed a handling charge of \$100.00 net per order.

Inwood reserves the right to select the most appropriate carrier and routing on all shipments. Any charge arising from failure to receive a shipment, rerouting while in transit or carrier storage charges are not included in prices shown and will be billed to the 'sold to' account on the order.

Any order requiring special delivery services will incur additional charges at the time of invoicing. All such requirements must be noted on the purchase order. These are services that are billed to Inwood by the freight company or require the usage of specialized carriers, and not included in the standard price of the product. Examples of such services include:

- **delivery notification or call ahead requests**  
\$10 Net Charge
- **inside delivery**  
minimum \$100 Net Charge
- **non dock delivery**  
minimum \$100 Net Charge
- **weekend delivery (friday after 4:00pm-sunday night)**  
minimum \$500 Net Charge
- **residential delivery**  
Customer Service may assist you in determining your special delivery requirements and any additional charges that may apply
- **fuel surcharges**  
We will continue to do our best to absorb the increased cost from our transportation vendors; however, if the price of fuel increases above the normal rates, it may require us to pass on the increased costs.

Contact Customer Service if you are unsure if your order requires one or more of the above services. We will make every attempt to avoid additional charges by giving options on what we can do within our standard delivery prices.

All prepaid shipments by Inwood Office Environments will be on carriers of our choice. If you choose to order product FOB Factory, please specify the carrier you require. Product will ship Freight Collect and Inwood's responsibility will cease upon delivery to the carrier.

**order postponements and delivery changes**

Changes may be made to delivery address no later than 5 days before the acknowledged ship date of an order. Contact Customer Service for charges which may be incurred for delivery changes within 5 days of the acknowledged ship date. If it becomes necessary to postpone an order after production has begun, the order will be completed, stored and invoiced to the customer with normal terms. Storage fees of \$2.00 per 100 lbs or \$5.00 minimum per day will occur on all orders that are not picked up or released for shipment after 10 working days from the acknowledged ship date.

**claim process for merchandise damage/shortage/carrier delay**

All products produced by Inwood are carefully inspected and properly packed prior to shipment. All shipments are delivered to the transportation company in good condition. If you receive a shipment that has damage, product shortage, or delivery has been delayed by the carrier, the following steps must be taken:

- Before signing for any merchandise, make notation of all visible damage, shortages, and/or time of truck arrival on the freight bill (bill of lading).
- Contact Inwood Customer Service within 15 calendar days of goods receipt to report issue. Legal title to merchandise passes to the buyer upon acceptance by the carrier. We will work with you to file any necessary claims when reported to us within the 15 day time frame.
- Retain all packing materials/cartons for inspection by the carrier agent.

Failure to make any claims against Inwood Office Environments within 15 days shall constitute acceptance of the merchandise and a waiver of any errors or shortages discovered upon inspection.

**repairs and returns**

No repairs or returns will be considered without first obtaining our written permission. Such requests must be made in writing within 15 days of the invoice. Authorization must be obtained from Customer Service prior to repairs being made if Inwood is expected to pay these charges. Charges will be approved only after an estimate has been provided. Credit will be issued only after receipt of repair bills. Made to order items are not returnable. This includes upholstered seating, special items, special finishes, and any non-stock finish. Authorized returns of stock items will be charged a minimum 30% restocking fee. All returns are subject to an attempted pick-up charge of \$200. Please insure that all goods are packed and tagged correctly before calling Inwood for pick up. All RMA's (Return Materials Authorization) will expire within 30 days of notification. Once expired, a new authorization is required for any return. Upon receipt of returned goods, Inwood will inspect and assess responsibility for any defects. If damage of the merchandise was caused by abuse, alteration, or unauthorized repair, we may offer to repair the merchandise for a fee. The final responsibility for determining damage remains with Inwood.

All merchandise must be shipped freight prepaid or we will not accept. All merchandise being returned must be properly packed and protected to insure that no further damage is incurred during transportation back to Inwood.

**specification programs**

- 20/20 Technologies (CAP, GIZA)
- Project Matrix
- Visual Planner

**special construction agreement**

When requested that Inwood Office environments Inc. modify, change or alter its standard product in order to meet the specific needs of Customer, Inwood shall exercise its best efforts to modify its standard product to incorporate the modifications and changes requested by Customer. Inwood Office Environments disclaims any

warranty with respect to the modifications or changes requested by Customer and its standard warranty shall not apply to said modifications or changes. Customer shall have no right to rescind its order of this product after production of the product has begun. Customer assumes the risk of the use of Inwood Office environments product containing the modifications or changes requested by Customer. In no event shall the product containing the modifications or changes requested by Customer be returnable to Inwood Office environments.

**replacement parts**

Contact Inwood Customer Service for item numbers and pricing on replacement parts.

**dimensions**

All dimensions referenced in this book are nominal.

**terms**

Payments are accepted in US Dollars. Payment is also accepted by Visa & Mastercard credit cards, and is posted prior to shipment. When payment is made with a credit card, no additional discounts may be taken.

Prices are effective with the date printed on this price list and supersede all other prices. Orders are accepted at the price in effect on the date the order is received. Possession of this price list does not constitute an offer to sell. Inwood sells to authorized and approved dealers only. Any or all prices, product, and line art are subject to change without notification. Internet or software packages, which support the sale of Inwood products, furnished to the customer either by Inwood or any other source are superseded by revised price lists.

**minimum order**

\$10 US Dollars list price.

Inwood reserves the right to make changes to items here within without notice but will make every effort to give notification of any and all changes.

### welcome 4600/4500 series specifications

Quality has always been an inherent feature and distinguishing attribute of products crafted by Inwood Office Furniture. Using only the finest in materials and workmanship, Inwood offers a level of quality not commonly found in today's mid-market contract wood office furniture industry.

#### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

#### veneers:

All exposed surfaces are plain sliced Cherry, American Black Walnut, White Maple, or Birch Veneer. (Birch veneer has some size limitation). Walnut veneers are carefully book matched. Cherry and Maple veneers are slip-matched. All panels and doors are vertical grain.

#### top work surfaces:

- **high pressure laminate tops** are 1 1/4" thick, 3-ply construction; consisting of a high-pressure laminate work surface and a 45 lb. density flake board core. The under side of the top has a smooth surface Gator-Ply backing sheet. Top rims are 3/4" hardwood with a choice of top edge shape.
- **wood veneer tops** are 1 1/4" thick, 5-ply construction; consisting of 1/40" thick Walnut veneer work surface and a Poplar veneer backing. The top core material is a 45lb density particleboard, with a choice of top edge shape solid wood rim.

#### construction:

Uses a mortise & tenon and glue to join panels. All joints are reinforced with glue blocks.

#### finish:

All Inwood finishes are catalyzed varnish and have excellent durability. Our multi-step satin finishes leave a beautiful natural look to the furniture, and are available in the following finishes: (3L) walnut, (2KL) walnut, (25M) mahogany, (4L) dark mahogany, (25C) cherry, (2ML) natural maple, (3ML) light maple, (4ML) medium maple, (5ML) cherry finish on maple, (6LC) light cherry, (7MC) medium cherry, (8DC) dark cherry, (9BC) burgundy cherry, (25B) ebony.

#### stand-offs:

Stand-offs are also available in laminate, veneer and glass. Avonite™ solid surface may be specified at an upcharge and is available as a top or approach stand-off on square units. Avonite™ is only available as a top stand-off on curved units.

- **laminate approach stand-offs** are applied to an 1/8" flexible plywood. Top stand-offs have solid wood rim.
- **veneer approach stand-offs** are applied to an 1/8" flexible plywood. Top stand-offs have solid wood rim.
- **glass stand-offs** are 3/8" thick clear.

#### additional notes

Top stand-offs in wood and laminate add 2 3/8" to the overall size of the unit. Top stand-offs in glass add 1 1/2" to the overall size of the unit.

For specific sizes of top or approach stand-offs when using C.O.M. material or ordering glass yourself, please contact customer service.

When specifying COM material, customer service must be called to approve desired material in regards to weight, size and workable capabilities.

#### optional hinged door:

An optional locking hinged door can be added to the corner units for \$235 list upcharge per corner section. Please specify on unit.

#### SPL, special laminate:

special laminate may be ordered at a 5% upcharge, plus 75.00 net freight fee- must provide manufacturer and item number. Special laminate designer palette- \$177 list upcharge per stand-off.

#### mixed material stand-offs:

for mixed material stand-offs please call customer service for pricing.

#### edge details:

Optional edge detailing is available on the approach side only to tops. Edge details on stand-offs are as follows:

- curved – approach side only
- square – on all four sides

#### stand-offs:

Additional stand-offs (actual stand-off hardware) \$71 each. Standard silver stand-offs. Black stand-offs available.

#### pulls/grommets:

Pick any inwood pull on mobile pedestals and on storage doors (if specified) Black grommets will be standard. Optional silver available (no upcharge)

#### product warranty

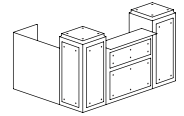

Inwood Office Furniture warrants its products to be free from defects in materials and workmanship given normal use and proper care, for a period of ten (10) years of single shift service. Inwood tenders this warranty only to original purchasers acquiring our products through those parties specifically authorized by Inwood to sell our products. Repair and/or replacement, at our option, will be made on any part or parts found to be defective within the terms of the warranty. The warranty shall not include any labor or shipping costs for replacement of any such parts or materials.

#### This warranty does not cover:

- Damage(s) caused by a transportation company
- Damage(s) resulting from user modification, alterations, misuse, abuse or negligent use of our product
- Natural variations in color, grain, or texture of wood and other covering materials which Inwood has no control
- Wearing or cuts to covering materials

Inwood does not make any other warranties except as expressly set forth above, either expressed or implied, including any warranty of merchantability or fitness for any particular purpose. Inwood shall not be liable for consequential or incidental damages under this warranty.

Further, Inwood makes no warranties, express or implied, for improper assembly and/or installation of its products.

## welcome 4600/4500 series components

- ① ccs center section, curved
- ② cc curved corner (left or right)
- ③ ra run off (ADA accessible) (left or right)
- ④ rp privacy panel (left or right)
- ⑤ as approach stand-off
- ⑥ ts top stand-off

## how to specify:

Start with center section ①, size and finish  
example: 45CCS4844-25M

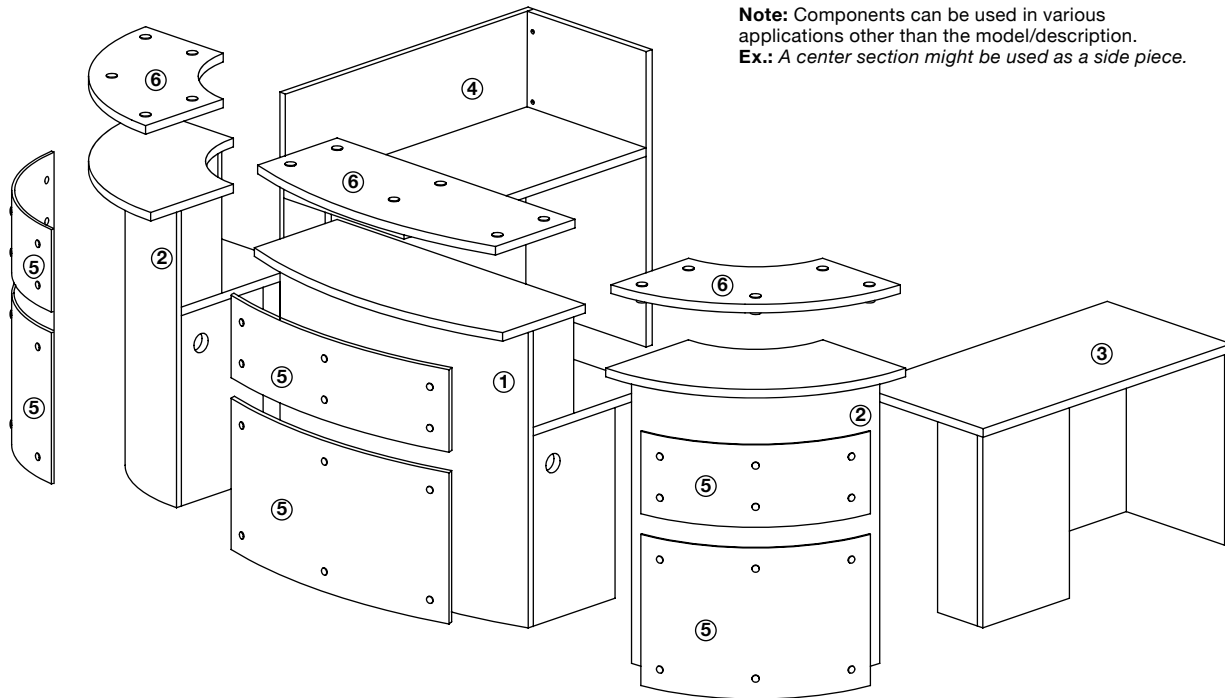

Add component parts ②, to build unit-  
examples: 45CCL44-25M  
45CCR44-25M

Add run-offs, ③ & ④: options include molding,  
ADA accessibility and privacy panels  
examples: 45R60L (run-off)  
45RA60L (run-off with ADA)  
45R60L-M (run-off with molding)  
-45RP60L (run-off with privacy  
panel) Build unit based on

Build desired look based on options ⑤ & ⑥  
examples: 45CCL44-TS-WH  
45CCL44-AS-WH  
45CCL44-BOTH-WH

Add finish material stand-off options,  
examples: 45CCS4844-25M-TS-SU  
45CCS4844-25M-AS-SU  
45CCS4844-25M-BOTH-SU

**Note:** Components can be used in various  
applications other than the model/description.  
**Ex.:** A center section might be used as a side piece.

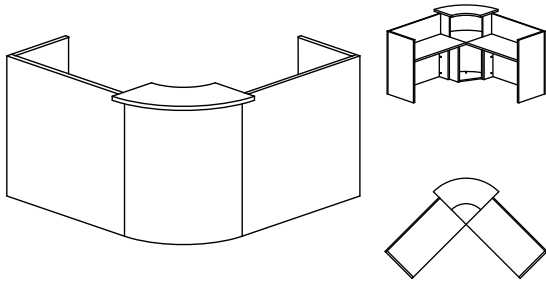

45SCS4844-25M-TS-EW  
45SCS4844-25M-AS-EW  
45SCS4844-25M-BOTH-EW

## muse 2700 series specifications

### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

### veneers:

All exposed surfaces are rotary sliced Birch. Veneers are carefully slip-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain.

### top work surfaces:

Wood veneer tops are 1 1/16" thick, 3-ply construction; consisting of 1/40" thick Birch veneer work surface and a Gator-ply backing. Laminate tops are 1 1/16" thick, 3-ply construction consisting of high pressure laminate work surface and a Gator-ply backing. The top core material is a medium density fiberboard, with a reversed softened edge. Edge detail on all four sides of the work surface.

### modesty panels:

Suspended by 2, 1/4" - 1/2" CR Flat metal brackets, 1/2" thick, 3-ply construction with a vertical veneer on exposed surfaces and a 45 lb density particle board core.

### construction:

Uses a mortise and tenon and glue to join pedestal sides and back. All joints are reinforced with glue blocks. All pedestals have box drawer, file drawer, with an aluminum finish pull standard. Each pedestal has a lock and is keyed alike. All bookcase shelves are standard 3/4" thick.

### drawers:

Drawer fronts are 3/4" thick, 3-ply construction with vertical slip-matched veneer. Drawer edges are squared with matching maple veneer tape on all edges. All drawer sides and backs are plywood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with a clear coat sealer to prevent swelling or shrinkage. Box drawers have a high grade Sterling metal ball-bearing drawer suspension. File drawers have a high grade Sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation.  
*NOTE: Optional center drawers available.*

### inside drawer dimensions:

box drawers: 4" H x 14 5/8" W x 15 9/16" L  
4" H x 14 5/8" W x 22 1/8" L  
file drawers: 9 1/2" H x 14 5/8" W x 15 9/16" L  
9 1/2" H x 14 5/8" W x 25 3/8" L  
lateral files: 9 1/2" H x 32 5/8" W x 16" L

### legs:

14 Gauge Steel with powder coat finish and leg levelers

### locking:

Each pedestal has its own lock and is keyed alike on each unit. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$37 list per unit.

### grommets:

Standard silver grommet. Optional black available (no upcharge)

### wire management:

An aluminum extruded channel is used on the underneath worksurface and storage units

### finish:

All Inwood finishes are catalyzed varnish finish. Our multi-step satin finishes leave an open grain natural look to the furniture. Available in following finishes (MB) Mocha on Birch, (NB) Natural on Birch, (CB) Cherry on Birch, (6LC) Light Cherry on Birch, (7MC) Medium Cherry on Birch, (8DC) Dark Cherry on Birch, (2ML) Natural Maple on Birch, (3ML) Light Maple on Birch, (4ML) Medium Maple on Birch, (5ML) Cherry Maple on Birch.

Durasyn is a tinted painted finish with post-catalyzed varnish and acid cured topcoats formulated for superior performance on MDF. Durasyn offers superior scratch, mar, chemical and moisture resistance properties. Durasyn has been enhanced with UV absorbers to further increase UV protection.

### modesty and overhead door options:

chemcast  
doors or modesty

veneer

**instructions for muse product are available online and within product cartons muse is shipped kd and requires assembly**

### online instructions

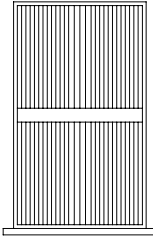

Inwood Office Environments makes available product instructions for 2700 series Muse office furniture. Please visit [inwood.net](http://inwood.net) and click the instructions link to review the downloadable PDF documents. Any issues? Assistance is only a phone call away. Call 1-800-786-6121 or 1-812-482-6121 for Inwood customer service. Our customer service representatives can talk you through most issues. Need professional service? We would be happy to suggest an authorized dealer or service technician within your area.

### saleer 3200/3100/3000 series specifications

#### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

#### veneers:

All exposed surfaces are plain sliced Maple. Veneers are carefully slip-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain.

#### top work surfaces:

- **wood veneer tops** are 1 1/4" thick, 3-ply construction with self-edge; consisting of a 1/40" thick Maple veneer work surface, Gator-ply backing and the core material is 45lb density flake board.
- **lamine tops** are 1 1/4" thick, 3-ply construction with self-edge; consisting of a high pressure laminate work surface, Gator-ply backing and the core material is 45ld density flake board.

#### construction:

Uses a mortise & tenon and glue to join panels and modesty panels. All joints are reinforced with glue. All bookcase shelves are standard 3/4" thick.

#### drawers:

Drawer fronts are 3/4" thick, 3-ply construction with vertical slip matched veneer. Drawer edges are veneered on top and sides with matching wood veneers. All drawer sides and backs are plywood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with a clear coat sealer to prevent swelling or shrinkage. Box drawers have a high grade Sterling metal ball-bearing drawer suspension. File drawers have a high grade Sterling metal ball bearing full progressive suspension and are equipped with a filing frame to accommodate hanging file folders. All drawers have smooth quiet operation.

#### locking:

Each drawer cabinet has its own lock. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$35 list per unit.

#### finish:

All Inwood finishes are catalyzed varnish finish. Our multi-step satin finishes leave an open grain natural look to the furniture.

#### pulls/grommets:

Pulls are standard in silver. Optional in black..

standard silver pull

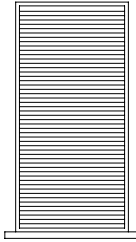

BP- black pull

### progeny 2600 series specifications

#### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly

#### veneers:

All exposed surfaces are plain sliced cherry. Veneers are carefully slip-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain.

#### top work surfaces:

Wood veneer tops are 1 1/16" thick, 3-ply construction; consisting of 1/40" thick cherry veneer work surface and a Gator-ply backing. The top core material is a medium density fiberboard, with a reversed softened edge. Detail on all four sides on desks and front and back edges on other pieces.

#### modesty panels:

Recessed 3/4" thick, 3-ply construction with a vertical veneer on exposed surfaces and a 45 lb density particle board core or perforated 18 gauge steel. ChemCast is a cell cast acrylic offered in clear (P-95). It is a light weight thermoplastic material.

#### construction:

Uses a mortise and tenon and glue to join pedestal sides and back. All joints are reinforced with glue blocks. All pedestals have box drawers and/or file drawers with a brushed chrome pull standard. Each pedestal has a lock and is keyed alike. All bookcase shelves are standard 3/4" thick.

#### drawers:

Drawer fronts are 3/4" thick, 3-ply construction with vertical book-matched veneer. Drawer edges are rounded with matching cherry colored foil on all edges. All drawer sides and backs are plywood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with a clear coat sealer to prevent swelling or shrinkage. Box drawers have a high grade sterling metal ball-bearing drawer suspension. File drawers have a high grade sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation.  
*NOTE: Optional center drawers available*

#### inside drawer dimensions:

box drawers: 4" H x 12 1/8" W x 22 1/8" L  
4" H x 14 5/8" W x 22 1/8" L  
file drawers: 9 1/2" H x 14 5/8" W x 15 9/16" L  
9 1/2" H x 14 5/8" W x 25 3/8" L  
lateral files: 9 1/2" H x 32 5/8" W x 16" L

#### locking:

Each pedestal has its own lock and is keyed alike on each unit. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$37 list per unit.

#### finish:

All Inwood finishes are catalyzed varnish finish. Our multi-step satin finishes leave an open grain natural look to the furniture. Available in following finishes (1NC) natural cherry on cherry, (2HC) honey cherry on cherry, and (9BC) burgundy cherry on cherry.

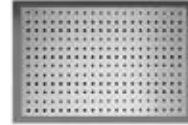

#### grommets:

Standard silver grommet. Optional black available (no upcharge)

### trek 2500 series specifications

#### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

#### veneers:

All exposed surfaces are plain sliced Birch. Veneers are carefully slip-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain.

#### top work surfaces:

- **wood veneer tops** are 1 1/4" thick, 5-ply construction, consisting of 1/40" thick veneer work surfaces and Gator-Ply backing. The top core material is a 45 lb density flake board. Top rims are 3/4" hardwood with the choice of top edge shape on all four sides.
- **high pressure laminate tops** are 1 1/4", 3-ply construction; consisting of a high-pressure laminate work surface and a 45 lb density flake board core. The underside of the top has a smooth surface Gator-Ply backing sheet and high pressure laminate edges. Top rims are 3/4" hardwood with the choice of top edge shape on all four sides. Laminate self edge tops have all four edges banded in laminate. Laminate PVC edge tops have four sides banded in PVC.

#### modesty panels:

- **wood veneer modesty panels**  
1 1/4" recessed 3/4" thick, 3-ply construction with a vertical veneer on exposed surfaces and a 45 lb density particle board core.
- **durasyn modesty panels**  
1 1/4" recessed 3/4" thick, MDF board with durasyn tinted paint finish.

#### construction:

Uses a mortise & tenon and glue to join panels and modesty panels. All joints are reinforced with glue blocks. All bookcase shelves are standard 3/4" thick.

#### drawers:

Drawer fronts are 3/4" thick, 3-ply construction with vertical slip matched veneer. Drawer edges are veneered on top and sides with matching wood veneers. All drawer sides and backs are plywood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with a clear coat sealer to prevent swelling or shrinkage. Box drawers have a high grade Sterling metal ball-bearing drawer suspension. File drawers have a high grade Sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation.

#### inside drawer dimensions:

box drawers: 4" H x 12 1/8" W x 15 9/16" L  
4" H x 12 1/8" W x 22 1/8" L  
file drawers: 9 1/2" H x 12 1/8" W x 15 9/16" L  
9 1/2" H x 12 1/8" W x 25 3/8" L  
lateral files: 9 1/2" H x 32 5/8" W x 16" L

#### locking:

Each pedestal has its own lock and is keyed alike for each unit. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$36 list per unit.

#### finish:

All Inwood finishes are catalyzed varnish finish. Our multi-step satin finishes leave an open grain natural look to the furniture. Available in following cherry finishes: (6LC) light cherry on birch, (7MC) medium cherry on birch, (8DC) dark cherry on birch, (NB) natural birch on birch, (MB) mocha birch on birch, (CB) cherry birch on birch, (2ML) natural maple on birch, (3ML) light maple on birch, (4ML) medium maple on birch, and (5ML) cherry on birch. Twelve Durasyn textured paint finishes standard. Durasyn is a tinted painted finish with post-catalyzed varnish and acid cured topcoats formulated for superior performance on MDF. Durasyn offers superior scratch, mar, chemical and moisture resistance properties. Durasyn has been enhanced with UV absorbers to further increase UV protection.

#### pulls/grommets:

Pulls are available in three styles for trek series furniture.

BB- black bar

CB- chrome bar

CC- chrome cable

**Grommets are based upon color of pull. Standard black with black pulls and standard silver with silver pulls.**

#### chassis options

Trek chassis products are available for specification in the following four distinct combinations

**VV:**  
Veneer Chassis and Veneer drawer fronts.

**VD:**  
Veneer Chassis and Durasyn drawer fronts.

**DV:**  
Durasyn Chassis and Veneer drawer fronts.

**DD:**  
Durasyn Chassis and Durasyn drawer fronts.

Brio  
2200

## brio 2200 series specifications

### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

### veneers:

All exposed surfaces are rotary sliced Birch. Veneers are carefully slip-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain.

### top work surfaces:

Wood veneer tops are 1 1/16" thick, 3-ply construction; consisting of 1/40" thick Birch veneer work surface and a Gator-ply backing. Laminate tops are 1 1/4" thick, 3-ply construction consisting of high pressure laminate work surface and a Gator-ply backing. The top core material is a 45 lb medium density fiberboard, with flat edge.

### modesty panels:

Suspended by 2, 1 1/16" - 2 1/4" 915 brackets, a wood frame with inserts being 1/8" thick, 3-ply construction with options of vertical veneer inserts (w), laminate inserts (l), Chemcast™\* (c), Durasyn™\* (d), or fabric (f) on exposed surfaces and a 45 lb density particle board core. When ordering place the respective letter on the product code and in the description explain what color is desired. Inside (user side) or inside door of unit will be the color of the unit (unless otherwise specified or if material is transparent/Chemcast).

### \*Chemcast™:

Cell cast acrylic sheet including clears and colors. This is a lightweight, rigid thermoplastic material that has many times the breakage resistance of glass. It is ultraviolet light absorbing and therefore very weather resistant withstanding exposure for many years without losing its surface gloss or mechanical properties. Thickness varies by color. Clear Chemcast has a light transmittance of 92%. Color densities have a light transmittance of 6% to 79%.

### \*Durasyn™:

Durasyn is a tinted painted finish with post-catalyzed varnish and acid cured topcoats formulated for superior performance on MDF. Durasyn offers superior scratch, mar, chemical and moisture resistance properties. Durasyn has been enhanced with UV absorbers to further increase UV protection.

### construction:

Uses a mortise and tenon and glue to join pedestal sides and back. All joints are reinforced with glue blocks. All bookcase shelves are standard 3/4" thick. All pedestals have box drawer, file drawer, with an aluminum finish pull standard. Each pedestal has a lock and is keyed alike.

### drawers:

Drawer fronts are 3/4" thick, 3-ply construction with vertical slip-matched veneer. Drawer edges are squared with matching maple veneer tape on all edges. All drawer sides and backs are plywood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with a clear coat sealer to prevent swelling or shrinkage. Box drawers have a high grade Sterling metal ball-bearing drawer suspension. File drawers have a high grade Sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation.

*NOTE: Optional center drawers available.*

### inside drawer dimensions:

box drawers: 4" H x 14 5/8" W x 15 9/16" L

4" H x 14 5/8" W x 22 1/8" L

file drawers: 9 1/2" H x 14 5/8" W x 15 9/16" L

9 1/2" H x 14 5/8" W x 25 3/8" L

lateral files: 9 1/2" H x 32 5/8" W x 16" L

### locking:

Each pedestal has its own lock and is keyed alike on each unit. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested at an up charge)

### finish:

All Inwood finishes are catalyzed varnish finish. Our multi-step satin finishes leave an open grain natural look to the furniture. Available in following cherry finishes: (6LC) light cherry on birch, (7MC) medium cherry on birch, (8DC) dark cherry on birch, (NB) natural birch on birch, (MB) mocha birch on birch, (CB) cherry birch on birch, (2ML) natural maple on birch, (3ML) light maple on birch, (4ML) medium maple on birch, and (5ML) cherry on birch. Twelve Durasyn textured paint finishes standard. Durasyn is a tinted painted finish with post-catalyzed varnish and acid cured topcoats formulated for superior performance on MDF. Durasyn offers superior scratch, mar, chemical and moisture resistance properties. Durasyn has been enhanced with UV absorbers to further increase UV protection.

### pulls/grommets:

Pulls are available in two styles for the Brio series furniture. The standard square pull will be put on Brio. If requested for no additional up charge, the "twisted" pull can be put on by just adding an "OP" at the end of the product code.

Standard silver grommets. Optional black available (no upcharge)

### instructions for brio product are available online and within product cartons

#### online instructions

Inwood Office Environments makes available product instructions for 2200 series Brio office furniture. Please visit [inwood.net](http://inwood.net) and click the instructions link to review the downloadable PDF documents. Any issues? Assistance is only a phone call away. Call 1-800-786-6121 or 1-812-482-6121 for Inwood customer service. Our customer service representatives can talk you through most issues. Need professional service? We would be happy to suggest an authorized dealer or service technician within your area.

### ovation/bravo 2300/2100 series specifications

#### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

#### top work surfaces:

- **Veneer tops** are 1 1/4" thick, 5-ply construction; consisting of 1/40" thick Walnut veneer work surface and a backing. The top core material is a 45 lb. density particleboard, with a choice of top edge shape solid wood sides. All exposed surfaces are plain sliced Cherry, American Black Walnut or White Maple Veneer. Walnut veneers are carefully book-matched. Cherry and Maple veneers are slip-matched. All drawer fronts, doors, end panels, and modesty panels are vertical grain.
- **Laminate tops** are 1 1/4" thick, 3-ply construction; consisting of a high-pressure laminate work surface and a 45 lb. density flake board core. The under side of the top has a smooth surface Gator-Ply backing sheet. Top rims are 3/4" hardwood with a choice of top edge shape on all four sides.

#### modesty panels:

3/4" thick, 3-ply construction with a vertical book matched veneer on exposed surfaces and a 45 lb. density flake board core. Desk modesty panels are full to the floor.

#### construction:

Uses a mortise & tenon and glue to join panels and modesty panels. All joints are reinforced with glue blocks. Each desk pedestal has an easy slide out dictation arm/mousing slide mounted above the drawers for more work surface area (exception is the 24x48" desks). All pedestals have a side route finger drawer pulls. Bookcase shelves are standard 3/4" thick.

#### drawers:

Drawer fronts are 3/4" thick, 3-ply construction with vertical book matched veneer. Drawer edges are veneered on top and sides with matching wood veneers. All drawer sides and backs are plywood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with a clear coat sealer to prevent swelling or shrinkage. Box drawers have a high grade Sterling metal ball-bearing drawer suspension. File drawers have a high grade Sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation.

#### inside drawer dimensions:

box drawers: 4" H x 12 1/8" W x 15 9/16" L  
 4" H x 12 1/8" W x 22 1/8" L  
 file drawers: 9 1/2" H x 12 1/8" W x 15 9/16" L  
 9 1/2" H x 12 1/8" W x 25 3/8" L  
 lateral files: 9 1/2" H x 32 5/8" W x 16" L

#### locking:

Each pedestal has its own lock and is keyed alike for each unit. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$37 list per unit.

#### finish:

All Inwood finishes are catalyzed varnish and have excellent durability. Our multi-step satin finishes leave a beautiful natural look to the furniture, and are available in the following finishes: (3L) saddle on walnut, (2KL) sepia on walnut, (25M) mahogany on walnut, (4L) dark mahogany on walnut, (25C) cherry on walnut, (2ML) natural maple on maple, (3ML) light maple on maple, (4ML) medium maple on maple, (5ML) cherry finish on maple, (6LC) light cherry on cherry, (7MC) medium cherry on cherry, (8DC) dark cherry on cherry, (9BC) burgundy cherry on cherry, (25B) ebony on walnut.

#### pulls/grommets:

\$138 list upcharge for putting any additional pulls on a 2300/2100 unit if no optional pulls specified, black grommets will be used. If optional pulls specified, silver grommets will be used.

veer  
1400

**veer 1400 series specifications****materials:**

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

**veneers:**

All exposed surfaces are plain sliced cherry. Veneers are carefully slip-matched and balanced. All drawer fronts, doors, end panels, and modesty panels have vertical grain so that all wood grain runs the same direction on all items.

**top work surfaces:**

Wood veneer tops are 1 1/16" thick, 3-ply construction, consisting of 1/40" thick cherry veneer work surface and a gator-ply backing. The top core material is a 45 lb medium density fiberboard, with an optional edge detail on approach side only of desks and user side only of double pedestal credenzas. Optional plastic laminate tops 1 1/4" thick, 3-ply construction, consisting of a high pressure laminate work surface and a 45 lb density flake board core and a gator-ply backing. Tops are flush with end panels and pedestals (no overhang).

**modesty panels:**

Recessed 3/4" thick, 3-ply construction with a vertical veneer on exposed surfaces and a 45 lb density particle board core. An optional "mesh" panel can be attached to the flare tops. This modesty consists of a black wood frame with an insert of mesh fabric.

**construction:**

Uses mitered corners and glue to join pedestal sides and back. All joints are reinforced with glue blocks. All pedestals have box drawer, file drawer, with curved route finger inset drawer pulls. Each pedestal has a lock and is keyed alike.

**drawers:**

Drawer fronts are 3/4" thick, 3-ply construction with vertical slip matched veneer. Drawer edges are veneered on top with mitered sides with matching wood veneer. All drawer sides and backs are plywood, dovetailed front and back. Drawer bottoms are framed on four sides and stapled from the bottom side. Box drawers have a high grade Sterling metal ball-bearing telescoping drawer suspension. File drawers have a high grade Sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation.

*NOTE: Optional center drawers available.*

**inside drawer dimensions:**

box drawers: 4" H x 12 1/8" W x 15 9/16" L  
4" H x 12 1/8" W x 22 1/8" L  
file drawers: 9 1/2" H x 12 1/8" W x 15 9/16" L  
9 1/2" H x 12 1/8" W x 25 3/8" L  
lateral files: 9 1/2" H x 32 5/8" W x 16" L

**locking:**

Each pedestal has its own lock and is keyed alike on each unit. Each unit is equipped with two keys. Units may be keyed alike for an upcharge.

**finish:**

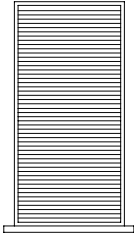

All inwood finishes are a catalyzed varnish finish. Our multi-step satin finishes leave an open grain natural look to the furniture. Available in the following finishes: (6LC) light cherry on cherry, (7MC) medium cherry on cherry, (8DC) dark cherry on cherry. These colors are also available on matching high pressure laminate tops with veneer chassis.

## ebb 1100 series specifications

### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

### veneers:

All exposed surfaces are plain sliced Cherry. Veneers are carefully slip-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain.

### top work surfaces:

Laminate tops 1.25" thick, 3-ply construction, consisting of a high pressure laminate work surface and a 45 lb. density flake board core and a Gator-Ply backing.

### modesty panels:

Recessed 3/4" thick, 3-ply construction with a vertical veneer on exposed surfaces and a 45 lb density particle board core.

### construction:

Mortise and tenon and glue are used to join pedestal sides and back. All joints are reinforced with glue blocks. All pedestals have box drawers and file drawers with the option of black or satin nickel clamshell drawer pulls. Each pedestal has a lock and is keyed alike. All the bookcase shelves are standard 3/4" thick.

### drawers:

Drawer fronts are 3/4" thick, 3-ply construction with vertical book matched veneer. Drawer edges are veneered on top and sides with matching wood veneer. Box drawers have a high grade Sterling metal ball-bearing drawer suspension. File drawers have a high grade Sterling metal ball bearing full telescoping suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation.

*NOTE: Optional center drawers available.*

### inside drawer dimensions:

box drawers: 4" H x 12 1/8" W x 15 9/16" L  
4" H x 12 1/8" W x 22 1/8" L  
file drawers: 9 1/2" H x 12 1/8" W x 15 9/16" L  
9 1/2" H x 12 1/8" W x 25 3/8" L  
lateral files: 9 1/2" H x 32 5/8" W x 16" L

### locking:

Each pedestal has its own lock and is keyed alike on each unit. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$36 list per unit.

### finish:

All Inwood finishes are a catalyzed varnish finish. Our multi-step satin finishes leave an open grain natural look to the furniture. Available in the following finishes: (6LC) light cherry on cherry, (7MC) medium cherry on cherry, (8DC) dark cherry on cherry and laminate tops only.

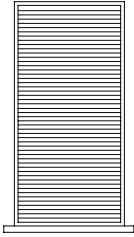

### pulls/grommets:

Standard silver (satin nickel) pull used. Optional black available (no upcharge) specify OB. When silver (satin nickel) pull used a silver grommet will be used. When optional black pull used optional black grommet will be used.

### ashton 800 series specifications

#### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

#### veneers:

All exposed surfaces are plain sliced American Black Walnut. Veneers are carefully book-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain.

#### top work surfaces:

Laminate tops are 1 1/4", 3-ply construction; consisting of a high-pressure laminate work surface and a 45 lb density flake board core. The under side of the top has a smooth surface Gator-Ply backing sheet. Top rims are laminate self-edge on all four sides.

#### modesty panels:

3/4" thick, 3-ply construction with a vertical Walnut book matched veneer on exposed surfaces and a 45 lb density flake board core. Available modesty panels options are full to the floor or 3/4 modesty panels.

#### construction:

Uses a mortise and tenon and glue to join panels and modesty panels. All joints are reinforced with glue blocks. All pedestals have a box drawer and file drawer, with side route finger drawer pulls. Each pedestal has a lock and is keyed alike. All bookcase shelves are standard 3/4" thick.

#### drawers:

Drawer fronts are 3/4" thick, 3-ply construction with vertical book matched Walnut or Oak veneer. Drawer edges are veneered on top and sides with matching Walnut or Oak. All drawer sides and backs are plywood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with a clear coat sealer to prevent swelling or shrinkage. Box drawers have a high grade Sterling metal ball-bearing drawer suspension. File drawers have a high grade Sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation.  
*NOTE: Optional center drawers available.*

#### inside drawer dimensions:

box drawers: 4" H x 12 1/8" W x 15 9/16" L  
4" H x 12 1/8" W x 22 1/8" L  
file drawers: 9 1/2" H x 12 1/8" W x 15 9/16" L  
9 1/2" H x 12 1/8" W x 25 3/8" L  
lateral files: 9 1/2" H x 32 5/8" W x 16" L

#### locking:

Each pedestal has its own lock and is keyed alike on each unit. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$36 list per unit.

#### finish:

All Inwood finishes are catalyzed varnish and have excellent durability. Our multi-step satin finishes leave an open grain natural look to the furniture, and is available in the following finishes: (25C) cherry on walnut, (25M) mahogany on walnut, (4L) dark mahogany on walnut and (3L) saddle on walnut.

#### grommets:

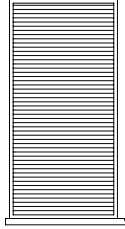

Standard black grommets will be used. Optional silver available (no upcharge)

### oxford 1300 series specifications

#### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

#### veneers:

All exposed surfaces are plain sliced Cherry. Veneers are carefully slip-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain genuine cherry.

#### top work surfaces:

- **veneer tops** are 1 1/4" thick, 5-ply construction, consisting of 1/40" thick cherry veneer work surfaces and poplar veneer backing. The top core material is a 45 lb density particleboard, with a traditional shaped solid wood rim on all four sides.
- **laminated tops** are 1 1/4", 3-ply construction; consisting of a high-pressure laminate work surface and a 45 lb density particle board core. The under side of the top has a smooth surface Gator-Ply backing sheet. Top rims are solid wood with a traditional edge shape.

#### pedestal construction:

3/4" thick 3-ply panel with 1 1/16" hardwood posts with decorative chamfered edges. Cherry veneer on all exposed surfaces and a 45 lb density flake board core. Outside panels and approach side desk panels have 3/4" raised cherry veneer decorative panels. Each pedestal in desk units has a 3-ply dictation arm slide mounted above the drawers. In the desk and credenza units each pedestal has one box drawer over one file drawer. The base is constructed and shaped in veneer wrapped MDF; adjustable leveling glides are mounted in each corner of the base. All joints are reinforced with concealed wood glue blocks. All bookcase shelves are standard 3/4" thick.

#### drawers:

Drawer fronts are 3/4" thick, 3-ply construction with vertical book matched cherry veneer. Drawer edges are veneered on top with matching cherry. All drawer sides and backs are plywood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with clear sealer to prevent swelling or shrinkage. Box drawers have a high grade Sterling metal ball-bearing drawer suspension. File drawers have a high grade Sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation. Pedestals have one box drawer and one file drawer each. Drawer hardware is an Antique Brass English bail pull. Each desk is standard with a center drawer with a high grade Sterling suspension and a solid wood pen and pencil tray.

#### inside drawer dimensions:

box drawers: 4" H x 12 1/8" W x 15 9/16" L  
4" H x 12 1/8" W x 22 1/8" L  
file drawers: 9 1/2" H x 12 1/8" W x 15 9/16" L  
9 1/2" H x 12 1/8" W x 25 3/8" L  
lateral files: 9 1/2" H x 25 1/4" W x 15 9/16" L

#### locking:

Kneespace pedestal lock also locks the center drawer. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$37 list per unit.

#### finish:

All Inwood finishes are catalyzed varnish and have excellent durability. Our multi-step satin finishes leave an open grain natural look to the furniture, and are available in the following finishes: (6LC) light cherry on cherry, (7MC) medium cherry on cherry, (8DC) dark cherry on cherry, (9BC) burgundy cherry on cherry (veneer top only, no matching HPL), (1NC) natural cherry on cherry (veneer top only, no matching HPL), and (2HC) honey cherry on cherry (veneer top only, no matching HPL).

#### grommets:

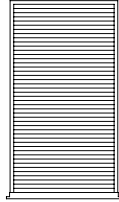

Standard black grommet will be used. Optional silver available (no upcharge)

OFFICE  
ENVIRONMENTS

monticello/empire  
1900/1800

**monticello 1900 series specifications**  
**empire 1800 series specifications**

**materials:**

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at time of assembly.

**veneers:**

All exposed surfaces are plain sliced american black walnut. Veneers are carefully book-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain genuine walnut.

**top work surfaces:**

- **wood veneer tops** are 1 1/4" thick, 5-ply construction, consisting of 1/40" thick walnut veneer work surfaces and poplar veneer backing. The top core material is a 45 lb density particleboard, with a traditional shape solid wood rim on all four sides.
- **high pressure laminate tops** are 1 1/4", 3-ply construction; consisting of a high-pressure laminate work surface and a 45 lb density particle board core. The under side of the top has a smooth surface Gator-Ply backing sheet. Top rims are solid hardwood with a traditional edge shape.

**pedestal construction:**

3/4" thick 3-ply construction; consisting of american black walnut veneer on all exposed surfaces and a 45 lb density particle board core. Each pedestal in desk units has a 3-ply dictation arm slide mounted above the drawers. In the desk and credenza units each pedestal has one box drawer over one file drawer. The base is constructed and shaped in veneer wrapped MDF; adjustable leveling glides are mounted in each corner of the base (Bases are available with bracket style base at no additional charge). All joints are reinforced with concealed wood glue blocks. All trim molding is solid hardwood. A full mortise and tenon and glue join the cabinet sides. All bookcase shelves are standard 3/4" thick.

**drawers:**

Drawer fronts are 3/4" thick, 3-ply construction with vertical book matched walnut veneer. Drawer edges are veneered on top with matching walnut. All drawer sides and backs are solid hardwood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with a clear sealer to prevent swelling or shrinkage. Box drawers have a high grade sterling metal ball-bearing drawer suspension. File drawers have a high grade sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation. Pedestals have one box drawer and one file drawer each. Each desk is standard with a felt lined center drawer with a high grade sterling suspension and a solid wood pen pencil tray.

**inside drawer dimensions:**

- box drawers: 4" H x 12 1/8" W x 15 9/16" L
- 4" H x 12 1/8" W x 22 1/8" L
- file drawers: 9 1/2" H x 12 1/8" W x 15 9/16" L
- 9 1/2" H x 12 1/8" W x 25 3/8" L
- lateral files: 9 1/2" H x 32 5/8" W x 16" L

**locking:**

Each pedestal has its own locking mechanism that also locks the center drawer. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$37 list per unit.

**finish:**

All Inwood finishes are catalyzed varnish and have excellent durability. Our multi-step satin finishes leave an open grain natural look to the furniture, and are available in the following finishes: (3L) saddle on walnut, (2KL) sepia on walnut, (25M) mahogany on walnut, (4L) dark mahogany on walnut, and (25C) cherry on walnut. Laminate options are (3L) saddle on walnut, (4L) dark mahogany on walnut, (25M) mahogany on walnut, and (25C) cherry on walnut.

**pulls/grommets:**

Drawer hardware is an Antique Brass English bail pull for monticello. Pull styles are different for 1900 and 1800 series furniture. Standard black grommets. Optional silver available (no upcharge)

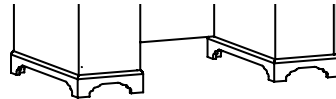

1900

1800

**bracket base:**

Standard pedestal base for Monticello/Empire may be specified as a bracket base at no additional upcharge. Add (BB) after complete model number.

**molding:**

Monticello 1900 series furniture is shipped with picture frame molding; Empire 1800 series ships without molding.

magnus  
1200

**magnus 1200 series specifications****materials:**

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

**veneers:**

All exposed surfaces are plain sliced American Black Walnut. Veneers are carefully book-matched and balanced. All drawer fronts, doors, end panels, and modesty panels are vertical grain genuine Walnut.

**top work surfaces:**

High pressure laminate tops are 1 1/4" thick, 3-ply construction; consisting of high-pressure laminate work surface and a 45 lb density flake board core. The under side of the top has a smooth surface Gator-Ply backing sheet. Top rims are solid hardwood with a traditional edge shape.

**pedestal construction:**

3/4" thick 3-ply panel with 1 1/16" veneer wrapped mdf posts with softened edges. American Black Walnut veneer on all exposed surfaces and a 45 lb density flake board core. Each pedestal in desk units has a 3-ply dictation arm slide mounted above the drawers. In the desk and credenza units each pedestal has one box drawer over one file drawer. The base is constructed and shaped in veneer wrapped mdf; adjustable leveling glides are mounted in each corner of the base. All joints are reinforced with concealed wood glue blocks. All bookcase shelves are standard 3/4" thick.

**drawers:**

Drawers are 3/4" thick, 3-ply construction drawer fronts with vertical book matched Walnut veneer. Drawer edges are wrapped on top and sides with matching Walnut. All drawer sides and backs are plywood, dovetailed front and back with 3-ply drawer bottoms. Drawer bottoms are framed on four sides and stapled from the bottom side. Drawer interiors are finished with a clear coat lacquer sealer to prevent swelling or shrinkage. Box drawers have a high grade Sterling metal ball-bearing drawer suspension. File drawers have a high grade Sterling metal ball bearing full progressive suspension and are equipped with metal rods for hanging file folders. All drawers have smooth quiet operation. Pedestals have one file drawer and one box drawer each. Drawer hardware is an Antique Brass English bail pull. Each desk is standard with a center drawer with a high grade Sterling suspension and a solid wood pen and pencil tray.

**inside drawer dimensions:**

box drawers: 4" H x 12 1/8" W x 15 9/16" L  
4" H x 12 1/8" W x 22 1/8" L  
file drawers: 9 1/2" H x 12 1/8" W x 15 9/16" L  
9 1/2" H x 12 1/8" W x 25 3/8" L  
lateral files: 9 1/2" H x 25 1/4" W x 15 7/16" L

**locking:**

Each pedestal has its own locking mechanism that also locks the center drawer. Each unit is equipped with two keys. Units may be keyed alike in groups (per office, if requested) for an additional charge of \$36 list per unit.

**finish:**

All Inwood finishes are catalyzed varnish and have excellent durability. Our multi-step satin finishes leave an open grain natural look to the furniture, and are available in the following finishes: (3L) saddle on walnut, (25M) mahogany on walnut, (4L) dark mahogany on walnut, and (25C) cherry on walnut.

**grommets:**

Standard black grommets. Optional silver available (no upcharge)

### conference furnishings specifications

#### materials:

All wood is thoroughly air and kiln dried to a moisture content not to exceed 8% at the time of assembly.

#### veneers:

All exposed surfaces are plain sliced Cherry, American Black Walnut, or White Maple. Veneers are carefully bookmatched and balanced. All drawer fronts, doors, end panels, modesty panels, and bases are vertical grains.

#### top work surfaces:

Wood Veneer tops are 1 1/4" thick, 5-ply construction; consisting of 1/40" thick veneer work surface and a Gator-ply backing. The top core material is a 45 lb density flake board. Plastic laminate tops are 1 1/4" thick, 3-ply construction; consisting of a high pressure laminate work surface and a 45 lb density flake board core. The underside of the top has a smooth surface Gator-Ply backing sheet. Top rims are 3/4" hardwood with the choice of top edge shape on all four sides.

#### modesty panels:

3/4" thick, 3-ply construction with a vertical bookmatched veneer on exposed surfaces and a 45 lb density flake board core.

#### construction:

Uses a mortise and tenon and glue to join panels and modesty panels. All joints are reinforced with glue blocks. Each pedestal has a lock and is keyed alike.

#### hinge doors:

Door fronts are 3/4" thick, 3-ply construction with vertical bookmatched veneer. Drawer edges are veneered on top and sides with matching wood veneer.

#### locking:

Upcharge for locking hinge doors.

#### finish:

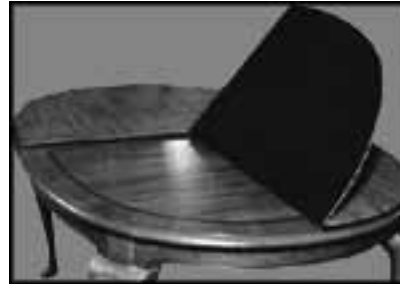

All Inwood finishes are catalyzed varnish and have excellent durability. Our multi-step finishes leave a beautiful natural look to the furniture, and are available in the following finishes: (88M-W) mahogany on cherry, (MB-W) mocha on birch, (NB-W) natural on birch, (CB-W) cherry on birch, (3L-W) saddle on walnut, (2KL-W) sepia on walnut, (4L-W) dark mahogany on walnut, (25M-W) mahogany on walnut, (25B-W) ebony on walnut, (25C-W) cherry on walnut, (2ML-W) natural maple on maple, (3ML-W) light maple on maple, (4ML-W) medium maple on maple, (5ML-W) cherry on maple, (1NC-W) natural cherry on cherry, (2HC-W) honey cherry on cherry, (6LC-W) light cherry on cherry, (7MC-W) medium cherry on cherry, (8DC-W) dark cherry on cherry, (9BC-W) burgundy cherry on cherry

### conference table pads:

Black folding leatherette pads with velvet bottom pads that are custom made for your table size. The pads are washable and protect the table top from abuse or stains while in use and when removed allow you to display the uncompromised beauty of your wood table.

seating

**instructions for seating product are available online and within product cartons**

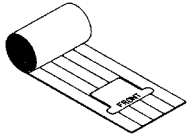

**online instructions**

Inwood Office Environments makes available the complete library of product instructions for seating and office furniture. Please visit [inwood.net](http://inwood.net) and click the "after purchase" link to review the down-loadable PDF documents. You'll also find information for the care and maintenance of your new inwood furniture. Any issues? Assistance is only a phone call away. Call 1-800-786-6121 for Inwood customer service. Our customer service representatives can talk you through most issues. Need professional service? We would be happy to suggest an authorized dealer or service technician within your area.

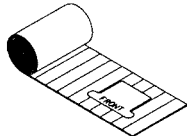

**c.o.m. (customer's own material)**

All seating can be upholstered with appropriate material furnished by the customer. All prices are listed under Grade 2.

Yardage requirements shown are based on the use of non-directional fabric 54" wide and the fabric being cut "up the roll." If the c.o.m. fabric is to be railroaded, please contact Customer Service for revised yardage requirements. Inwood reserves the right to inspect, approve or reject any c.o.m. fabric. Once approved, Inwood cannot assume responsibility or liability for the durability, tailoring, appearance, or other qualities of customer furnished coverings.

pattern cut "up the roll"

pattern cut "railroaded"

**all com orders must**

- Include a 3 inch x 3 inch swatch of the fabric stapled to the purchase order, indicating which side is to be exposed
- Indicate whether application is vertical or horizontal if fabric has a pattern or stripe
- Include fabric supplier's name, fabric number, and color
- Be approved by Inwood. DO NOT ship c.o.m fabric until customer service has notified you of the acceptability of your fabric
- Be shipped prepaid and marked with your company name, purchase order number, and any special instructions

Orders for items using c.o.m. cannot be put into a production schedule until the fabric is received. The date that c.o.m. is received will be considered the actual date of the order.

COL (customers on leather) use grade 4.

**fabric cut yardage/list price per yard**

<b>grade 1</b>	\$32
<b>grade 2</b>	\$35
<b>grade 3</b>	\$47
<b>grade 4</b>	\$52
<b>grade 5</b>	\$60
<b>grade 6</b>	\$65
<b>grade 7</b>	\$72

**inwood fabric graded-in program**

Dye lots may vary slightly from samples shown. All fabrics are 54" wide. Prices are subject to change without notice. All figures are in U.S. dollars.

## mayer fabrics:

### samples

Mayer contract seating fabrics have been graded in to the Inwood standard program. To view the full line of available fabric patterns and colorways, please visit [www.mayerfabrics.com](http://www.mayerfabrics.com) or call 800.428.4415 direct for samples. **The fabrics and faux leathers listed in bold are those on the inwood cards.**

Greenguard Certification has been awarded to some of inwood office environments guest seating line.

The GREENGUARD Environmental Institute (GEI), a highly respected resource on indoor air quality, established the GREENGUARD Certification ProgramSM in 2001. As an industry independent, non-profit organization, GEI develops rigorous, consensus-based standards for indoor air quality (IAQ) following globally recognized scientific methods. Decades of experience led to establishing the GREENGUARD product certification programs. These programs apply strict chemical emissions standards to ensure the acceptability of products for use indoors. Only products achieving these high standards are approved to bear the GREENGUARD Indoor Air Quality Certified mark. [www.greenguard.org](http://www.greenguard.org)

Greenguard Certification has been awarded to some of inwood office environments guest seating line.

The GREENGUARD Environmental Institute (GEI), a highly respected resource on indoor air quality, established the GREENGUARD Certification ProgramSM in 2001. As an industry independent, non-profit organization, GEI develops rigorous, consensus-based standards for indoor air quality (IAQ) following globally recognized scientific methods. Decades of experience led to establishing the GREENGUARD product certification programs. These programs apply strict chemical emissions standards to ensure the acceptability of products for use indoors. Only products achieving these high standards are approved to bear the GREENGUARD Indoor Air Quality Certified mark. [www.greenguard.org](http://www.greenguard.org)
