# Cafe & Breakroom Tables

## Cafe & Breakroom Tables: 22 Colors

High-Pressure

**Top & T-Mold Colors:** (Woodgrains and Granites shown actual size, Granites are Top Colors only.)

Optional T-Mold Colors shown on Gray Granite (Black is Standard)

**All Top and T-Mold Woodgrains and Colors above are the same, except Green. Black T-Mold is standard.**

**\*Gray Granite and Black Granite are Top Colors only.**

Correll Cafe and Breakroom Tables are available in 23 Standard Top sizes, and 22 Standard and Optional Top and T-Mold Color combinations, with 5 different Bases, and in either Table Height (29"), or Bar Stool Height (42").

Bases are Cast Iron, with Adjustable Nylon Leveling Glides and a Black textured finish.

Tops, Bases, and Columns can be purchased separately for a custom combination, or complete Tables can be ordered.

Tops are 1 1/4" High-Pressure Laminate with Backer Sheet. Black T-Mold is standard, and eight optional T-Mold colors are available. Custom Top sizes and colors are also available, please contact us with your specific needs.

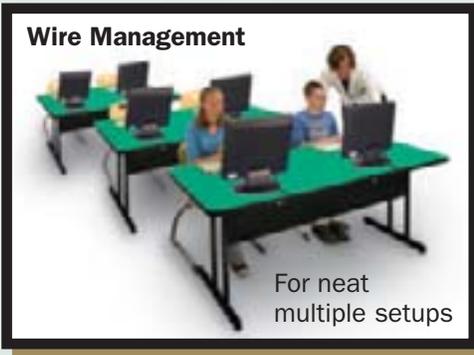

# High-Pressure Computer & Training Tables

## Computer & Training Tables: 22 Colors

High-Pressure

**See Color Chart on page 2**

Outstanding value in Commercial Duty Computer Furniture.

1 1/4" High-Pressure Tops with Backer Sheet. Sturdy Steel Frame and Modesty Panel with Wire Management Trough on inside bottom edge.

36" and 48" long tables have one Wire Management hole in the Modesty Panel, 60" and 72" long tables have two.

Adjustable Height Tables come with both large, easy to use Knobs, (shown), and Tamper Proof Set Screws.

Matches our Folding, Activity, and Cafe Tables. Woodgrain and Color T-Molds Available. Gray Granite Tops with Color T-Mold also Available.

Bi-level units come with one 10" x 22" Keyboard Tray. Optional second tray is available on 60" and 72" long units.

Optional Wire Management Grommets in Top are also available.

Custom Build to Order, ships in 3 to 5 Business Days.

**See Price List for complete selection of Sizes and Colors.**

# Blow-Molded Computer & Training Tables

## Computer & Training Tables: 6 Colors

Blow-Molded

### **BTO** Custom Build to Order, 54 SKUs ship in 3 to 5 Business Days!

Outstanding value in School and Commercial Duty Computer Furniture.

One-piece Blow-Molded Plastic Tops are waterproof, scratch and stain-resistant. Colors go all the way through, will never scratch or wear off.

Sturdy Steel Frame, and Modesty Panel with Wire Management Trough on inside bottom edge.

36" and 48" long tables have one Wire Management hole in the Modesty Panel, 60" and 72" long tables have two holes.

Adjustable Height Tables come with both large, easy to use Knobs, (shown), and Tamper Proof Set Screws.

Colors match our Folding, and Activity Tables.

Custom Build to Order, ships in 3 to 5 Business Days.

See Price List for complete selection of Sizes and Colors.

# Blow-Molded Activity Tables

## Blow-Molded Activity Tables: 5 Colors

**BTO**

48x72 Kidney

40% Lighter than Wood-Core Activity Tables, for easier handling!

Brighten up the Classroom with these tough, colorful Activity Tables.

One-Piece Plastic tops are water-proof, and resist stains and damage from food, milk, fruit juices, crayons, water colors, washable and permanent markers, glue, paste, and just about anything else you might find in a classroom.

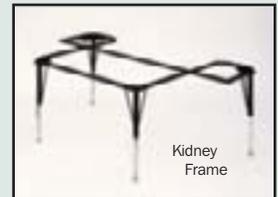

Surface is lightly textured, yet smooth enough for writing. Legs attach to frames with 3 bolts per leg. **SpeedWrench** included with every table, for fast, positive height adjustments.

Colors go all the way through, won't scratch or wear off.

Same Stain and Chemical Resistance as our Folding Tables

Kidney Frame

Fully supported by free standing welded steel frames

Blow-Molded

# High-Pressure Top Activity Tables

High-Pressure

**Assorted Bright Colors**

Flower: 60

Octagon: 48

Round: 36, 42, 48, 60

Trapezoid: 24x48, 30x60

Available in 2 Height Ranges:  
21" to 30", and 16" to 25"

Designed for the heaviest school use. Correll Activity Tables meet or exceed specs for all major brands.

All Activity Tables on these pages have 1 1/4" thick, real High-Pressure Tops, for long life and durability, not Melamine as used on some of the cheaper brands.

All Tops have a Backer Sheet for increased strength. Larger sizes have additional top bracing. Black T-Mold is standard.

Shoulder on set screw gives a solid, positive, lock, and an extra margin of safety, even if not properly tightened.

Leg Mounting Brackets are pre-attached to tops with 7 screws each. Some of our major competitors have eliminated the Mounting Bracket, requiring guessing the proper leg location, and more work for less strength.

Extra Heavy leg assembly, with oversize bracing and 3 screws per leg plate (10 screws per leg total).

Free **SpeedWrench** included with every table for quick set up and height changes.

**Walnut**

Horseshoe: 60x66

**Medium Oak**

Rectangular: 24x36 to 36x72

Round: 36, 42, 48, 60

Trapezoid: 24x48, 30x60

Square: 36, 42, 48

**Blue**

Kidney: 48x72, 48x96

Correll      Others

Correll has pre-attached leg mounting brackets. Many competitors' legs now have to be screwed directly to the top, requiring guessing the proper location, and more work for less strength.

Correll      Major Competitors

**Superior Construction:**

Correll has a longer and heavier Leg Brace, and more attachment screws, than any of our Major Competitors. Our Leg Brace is over twice as long, and more than 60% thicker; and each leg is attached with a total of ten 3/4" long screws.

Free **SpeedWrench** included with every leg assembly, for fast height adjustments, and a positive, tamper proof lock.

See Price List for Sizes & Colors

# High-Pressure Top Activity Tables

(with Optional *Color T-Mold*)

High-Pressure

Round:  
36, 42, 48, 60

Kidney:  
48x72, 48x96

Flower: 60

Trapezoid:  
24x48, 30x60

## Optional T-Mold Colors:

Black T-Mold is Standard on all Correll High-Pressure Top Activity Tables. Also available at a small additional cost are Blue, Yellow, Green, and Red T-Mold.

See Price List  
for Sizes & Colors

Horseshoe:  
60x66

See Price List for a complete selection of available colors.

All Sizes  
  
 All Colors

## You Get More Support From Correll:

- Strong Steel Frame, with 5 Top Support Tubes on 30x72 & 30x96, and 4 Tubes on all other sizes.
- Lighter than Wood Tables, Easier Handling
- Scratch, Stain, and Impact Resistant

# Blow-Molded Plastic Folding Tables & Chairs

Blow-Molded

R60, 60" Round, Mocha Granite

RC350

R-60, Gray Granite

T6060 Round Table Truck

### Round Tables:

- Same Light Weight, Waterproof, Stainproof, and Virtually Indestructible top material as used on the rectangular tables on the facing page
- ONE-PIECE TOP has no joints to trap food, safe for Food Service use
- Extra heavy 1 1/8" Diameter, 14ga. Wishbone Legs
- Four Top Support Tubes for added strength

### RC 350 Chairs:

- Injection-molded Seat & Back
- Seat is fully supported by Steel Frame
- 7/8" Round Tube Frame, with Front & Rear Double Riveted Leg Stretchers
- Nest for stacking
- Available in Gray or Mocha, Matches R-Series Tables

### Round Table Trucks:

T456: For 4', 5' & 6' Round Tables

T6060: For 4' & 5' Round Tables (shown above)

Above Trucks hold approximately 7 Correll R-Series, 8 Wood Core, or 10 CP-Series Round Tables

See all Trucks on page 15

### R1872TL, T-Leg Seminar Table

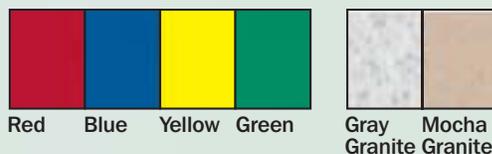

Also Available in Adjustable Height

See more Seminar Tables on pages 12 & 13

See Price List for all available Sizes and Colors

## T-Leg Plastic Tables

### T-Leg Seminar & Folding Tables:

- Dress up your Classroom, Meeting, or Work area with these attractive, comfortable tables, and get more leg room than any other design on the market.
- Seminar Tables have 1" x 2" steel tube upright and pedestal, Full Size Tables have two 1" square uprights, and 1" x 2" pedestal. All have Nylon leveling glides. Same durable Blow-Molded Top as our other R-Series Tables.

# Standard and Contract Folding Tables

## GOOD – 5/8" Melamine:

Economical Folding Tables for Light to Moderate Duty Home and Office Use.

## BETTER – 5/8" High-Pressure:

Same Heavy-Duty Frame, High-Pressure Top Laminate and Backer Sheet as tables below, but with a 5/8" thick top for lighter weight and easier handling.

## BEST – 3/4" High-Pressure:

The Industry Standard for Contract Folding Tables. Full 3/4" thick, Industrial High Density Particle Board Top, with High-Pressure Top Laminate and Backer Sheet for superior strength, and resistance to humidity and warping.

## ALL Correll Folding Tables:

All Correll Folding Tables have Bull-Nose edge molding on the tops to protect walls and table edges; Mar-Proof Plastic Foot Caps, to protect carpets, hardwood, and tile floors; and Automatic Lock-Open Legs.

### Rectangular Folding Tables:

Standard 29" Desk/Table Height. Available in ALL Correll Folding Table Series. An economical choice for Home, Office, School, Church, or Shop. Also makes an excellent Retail or Grocery Store Display Table.

### Round Folding Tables:

All Correll Round Folding Tables have extra-heavy 1 1/2" diameter, 14ga. Wishbone Legs, with double mounting straps and Automatic Leg Locks.

Available in Melamine and both High-Pressure Series shown above. See Price List for complete selection.

### Adjustable Height Folding Tables:

Adjusts from 22" to 32" in 1" increments. Quick-Adjust Feature: place foot on pedestal, lift top to raise, squeeze lock levers to lower.

Available in all series. See Price List for complete selection.

# Premium Folding Tables

## Plywood & Honeycomb Core Folding Tables:

Unique top construction combines a strong Plywood Frame with a light Honeycomb Core.

Stronger and lighter than Particle Board and Honeycomb Tables offered by other manufacturers.

Premium High-Pressure Top Laminate is a full .080" thick, with a 1/8" Masonite Backer Sheet, for a smooth, hard, and flat work surface.

Core is 5/8" Plywood and Honeycomb.

Tops have Bull-Nose edge molding. Legs have Automatic Lock-Open feature, and Mar-Proof Plastic Foot Caps.

Available in Rectangular Standard and Adjustable Height.

See Price List for complete selection of Sizes and Colors.

## Rectangular 3/4" Plywood Core Tables

These tables have our Premium .080" thick High-Pressure Laminate Tops, on solid, 3/4" thick Plywood, with a Backer Sheet to finish the underside. Top has Plastic T-Mold edge.

Available in Standard and Adjustable Height Rectangular, 60" Round, and 60x72 Oval. See Price List for complete selection.

## High-Intensity Color Tables:

Brighten up the classroom or work area with these colorful High-Pressure Top Folding Tables.

Available in 3/4" High-Pressure; Standard, or Adjustable Height.

# Off-Set & Panel Leg Seminar Tables

**MORE Leg Room than any other brand!**

## Off-Set Leg Seminar Tables (above):

This New Correll Leg design has the most leg room of any Seminar Table design on the market. It beats our competition by even more than our previous design.

Compare the Correll Leg design with the "H" shaped folding mechanism used on our competitors off-set leg tables, and the difference is readily apparent.

And, the Correll Legs are set closer to the ends on the 60" and 72" tables, allowing the people on each end to sit between the table legs, instead of behind them.

## Panel Leg Seminar Tables (at right):

The Correll Knife-Lock Folding Mechanism allows the most leg room of any Seminar Table design on the market. And it is now available in a classy new Panel Leg design.

Top is High-Pressure Laminate for a smooth, hard writing surface, with a 3/4" High-Density Particle Board Core, and a Backer Sheet.

Attractive Panel Leg design dresses up any meeting room or office. Legs are Rectangular Steel tubing, with Nylon Leveling Glides.

Available in Standard 29" Height, and 22" to 32" Adjustable Height.

Casters Available (2 Standard, 2 locking) for 24" wide tables only. Casters add 2" to height, available only for 24" Adjustable Height Tables.

**Custom Built to Order:** Normally ships in 3 to 5 Business Days.

**SP1872PX**  
Black Granite

**SPA2472PX**  
Walnut

Adjustable Height,  
(shown with optional Casters)

# Seminar, Counter Height, & Anti-Microbial Tables

## Standard Seminar Tables (at right):

18" tables have Wishbone Legs for better stability. 24" tables have standard Pedestal Legs. Both have the inverted "Y" Folding Mechanism for maximum leg room.

Perfect for Hotel, Classroom, or Seminar setup, where all participants are facing in the same direction. Also ideal for Food & Beverage Service setup in hallway or meeting room.

Available in all Correll Melamine and High Pressure Wood Core Table Series. See Price List for complete selection of models, sizes, and colors.

## 36" High, Counter/Standing Height Folding Tables:

These 36" high tables are the perfect standing work height for food prep, laundry, mail room, office, or shop use. 36" is the standard "stand-up" work height for a Kitchen Counter Top or Workbench. Proper working height can improve productivity, while reducing back injury and workers' comp claims.

**RS3072:** The One-Piece Blow Molded Plastic Top is completely Waterproof, and highly scratch and stain resistant, the perfect choice for food prep, laundry room, or in the shop where high resistance to oil, acids, cleaners, and chemicals is needed.

This is a Heavy Duty Plastic Table, designed and built specifically for commercial use. Color goes all the way through the Top, will never wear or scratch off. (Also available in ANTI-MICROBIAL for Food Service use, see below.)

**FACTOID:** Most people have no idea what height a stand up work table should be, so they don't buy anything. By offering these tables you take out the guesswork, and tap into new sales opportunities.

**CFS3072PX:** The 3/4" High Pressure Top has a smooth, flat, hard writing surface, which is highly scratch and stain resistant, making it an excellent choice for a shipping or mail room table. It has the same top surface as a kitchen counter top.

**CFS3072M:** The 5/8" Melamine Top is best for economical use in the Office or Shop, or anywhere the table will be subject to little abuse, or, high abuse, but maintaining the original appearance is not a concern. This top has about the same durability as real wood.

## R-Series Anti-Microbial Blow-Molded Folding & Activity Tables:

**MOLDED IN, NOT A COATING:** Our Anti-Microbial compound is FDA and EU Approved, and is specifically designed to be mixed with plastic prior to molding. This provides homogenous protection throughout the entire structure of the top material, not just on the surface. It will never wear off, scratch off, or wash off.

Other construction features are the same as our standard R-Series Folding Tables and Activity Tables. Available in Standard Height, Counter Height, Adjustable Height, and Activity Table styles.

# Conference and Library Tables

## Racetrack Conference Tables:

These massive Conference Tables have 1 7/8" thick High-Pressure tops, with Bull-Nose edges for good looks and years of service.

Hour-Glass X-Bases look great, and give more leg room than curved or slab bases.

### Conference Table Sizes:

36x72	42 Round
48x96	48 Round

**48" x 96"**  
**Model C4896POX**  
**Medium Oak**

**42" ROUND X-Base, C42LX**  
High-Pressure

Medium Oak      Also Available  
in 48" Round

**48" x 96" BOAT SHAPE, C4896DP**  
High-Pressure

Walnut

**36" BREAK ROOM TABLE, C36PT**  
High-Pressure

Gray Granite      Also Available  
in 48" Round

## Library Tables

These sturdy tables have a High-Pressure top, laminated to a solid, 1" thick, High-Density, Industrial Grade Particle Board core, with a Backer Sheet and matching Self-Edge.

Aprons are 3" wide roll-formed steel.

Chrome plated, 1" square, 16 guage steel legs bolt solidly into corner sockets in the apron.

See Price List for complete selection of sizes and colors.

**30" x 60" Library Table**  
Walnut

# Table and Chair Trucks

## Correll Hanging Chair Truck, Model # C84

Holds up to 84 Folding Chairs

2" Taller than the competition, holds High-Back Chairs without dragging the floor

Fits through a standard doorway

Weight: 88 pounds. Height: 72"

Also Available with Coat-Rack Kit. Use on both sides, or hang chairs on one side, coats on the other, Model C84-C

Coat Rack Kit is also available separately, drilling 4 holes required to field-install

Most orders ship within 24 hours

See Price List for additional Chair & Table Trucks

C84-C

C84

2" Taller,  
Holds High-Back Chairs

Edge Stacking Table Truck

T456 Round Table Truck

Flat Stacking Table Truck

Standing Folding Chair Truck

Stacking Folding Chair Truck

### Trucks for Folding Tables and Folding Chairs:

All Correll Trucks have heavy 2" x 2" welded Angle Iron frames (except C84 is 1" x 2" Steel Tube frame), with 4" No-Mar Industrial Plastic Casters. Two of the casters swivel for easy steering. All Table Trucks hold Wood Core or Plastic Folding Tables; all Chair Trucks hold Steel or Plastic Folding Chairs. T456 holds 4', 5' and 6' Round Tables. T6060 holds only 4' and 5' Round Tables. See Price List for complete selection of Table and Chair Truck sizes.
