# FORTÉ VENEER

## Natural beauty

**Forté** blends the unique characteristics of wood and precision craftsmanship in a corporate-level modular casegoods collection. Concave-shaped edge profile. Finger-joint corners. Book-matched American Cherry veneer with 5-ply construction. All surfaces include 100% full-fill, catalyzed lacquer finish, enhancing color depth, clarity and durability. Full or  $\frac{3}{4}$  front-locking pedestals. All-wood drawers with easy-adjust ProFile filing hardware. Worksurfaces feature common grain direction and reverse coped edges on connecting sides of bridge and returns.

## Timeless design

The **Westboro** collection is a transitional design equally at home in traditional or more contemporary settings. Three-ply radial cut veneer is painstakingly finished in your choice of a warm Honey Cherry or a rich Rouge Mahogany finish. These striking finishes are further enhanced by flaired top and base molding that adds architectural interest to the entire collection. Extra open pedestal in connecting corners of single pedestal desks and credenzas features one grommet in the inside panel for CPU storage applications. You can customize the look of your office through your choice of either the sleek wooden door overhead unit or the TriCabinet hutch with etched glass doors, glass shelves and curio accent lights. The TriCabinet hutch also offers the option of an open or closed back to suit your specific application. For a lighter touch you might consider the elegant table desk which offers classic lines with modern day convenience.

## Distinctive wood veneer

**Affirm** blends curvilinear lines and decorative accents for beautiful offices. Select hardwood veneers present the natural variations of real wood. Three-ply, balanced-panel construction and satin finish ensure long-lasting elegance.

Crown décor, light rail, decorative base trim and twisted-ribbon pulls with nickel finish are standard. Optional locking available.

C Honey Cherry

M Rouge Mahogany

# LEGACY VENEER

## Natural beauty

**Legacy** inspires excellence with the unique characteristics of wood, apparent in the select book-matched cherry veneers and rich Rouge Mahogany finish. Authentic design, solid hardwood edges are carefully crafted. Reverse coped edges and common grain direction signify the attention to detail throughout the collection. Choices include traditional picture-frame molding and overlapping or inset drawer fronts. Legacy desks feature writing shelves, center drawer and central locking. All pedestals feature legal/letter filing with easy-adjust ProFile filing hardware and smooth-action, steel ball-bearing drawer slides.

## Time-honored traditional design

**Inverness** brings the warmth and beauty of wood to office environments. All surfaces feature select hardwood veneer, presenting the natural characteristics of wood and making each furniture piece unique. No two desks are exactly alike. Common grain direction across desks, returns, bridge and credenzas increases aesthetics. Reverse coped edges on bridge and returns create smooth worksurface connections. Balanced-panel, three-ply construction is standard. Choose Rouge Mahogany or Honey Cherry satin finish with catalyzed lacquer topcoat. Crown décor, light rail picture frame molding, traditional design pulls and decorative base trim are standard. Optional locking available.

# ELEVATION

## Architectural forms, modern colors

**Elevation** features raised-pedestals on 3.5" high steel legs with 1" height adjustability. Inset modesty panels create architectural overhangs useful for quick conferencing (8" on front of a 72" x 36" desk). Select 1" or 1.5" thick worksurfaces with same or contrasting laminate pedestals. Choose from an array of thermally fused laminates with matching, heavy-duty 3mm PVC edges. Coordinates with Atlas, Hyperwork, Agility and Uniwork series.

## Workspaces for faster work paces

With more than 400 modular components plus multiple laminate and pull options, **Hyperwork** provides maximum flexibility in the design and layout of today's fast-paced business environments. Choose 3/4 or full-height pedestals with standard locking, pre-installed legal/letter filing and smooth-action, steel ball-bearing drawer slides. Choose one or two-tone units from a palette of modern laminates that coordinate with the Elevation, Atlas, Agility and Uniwork series.

## BENCHING

**Benching / Privacy Panels** provide a semi-private work space in open, shared work areas. They allow for collaboration between team members while maintaining individual work space. Add tack boards, dry-erase boards and a multitude of accessories such as trays, shelves and cup holders on the optional slotted design of the accessory wall.

The 42" overall height of the panels on the work stations permits common lighting and environmental systems to service the entire area. This reduces the power consumption necessary to illuminate and heat and cool separate work stations. Flexibility and reconfigurations are a breeze since the panels are not permanently affixed to work surfaces. Unique joint kits allow for both straight-line and 90 degree connections to simplify new arrangements as your need for space changes.

## Modularity equals flexibility

With over 240 modular components, **Atlas** can be configured to varying building structures, private and/or open office designs tailored to individual preferences. All tops are 1.5" thick for executive style. Choose 3/4 or full-height pedestals with standard locking, pre-installed legal/letter filing and smooth-action, steel ball-bearing drawer slides. Need more? See the coordinating Hyperwork collection. Plus, all Atlas laminate colors coordinate with the Elevation, Hyperwork, Agility and Uniwork series.

1.5" thick tops with reed-style edge on working and approach sides are standard. All edges are AdvantEdge 3mm PVC for superior impact resistance and long-term durability.

## Contemporary Distinction

**Stratus** presents the latest in a high design, high-quality and high-value casegoods for your fast-paced business environment. Included are multiple options of desks and storage units which feature anodized aluminum column legs. Select from stylish frosted, acrylic panels and doors or matching laminate.

Concave, bow-front desk tops, bridges and tables provide plenty of work surface. They wrap around you for efficiency of space without the feeling of confinement.

**Praxis** modular system creates your own "custom" wall system. Perfect for offices, patient room or dorm room. **Praxis** offers numerous cabinets with a wide range of drawer/door configurations. Open and enclosed storage areas with wardrobe rod, fixed or adjustable shelves. Add the bridge cabinet between two wall cabinets to create the perfect space for the **Praxis** platform bed or a **Harmony** day bed or sleeper chair. Underbed storage modules neatly fit under the platform bed. Night stands offer convenient bedside storage for patient and dorm rooms.

PWC3880 Platform Bed  
PTWC72H Wardrobe Cabinet

**Praxis Home** modular wall storage system offers a unique solution to long-term care facilities. With a traditional top-design element and drawer/door pulls, the wardrobe cabinet offers a comfortable, residential feel. Lots of storage space is provided in the heavy-duty drawers plus an ample wardrobe compartment for hanging garments.

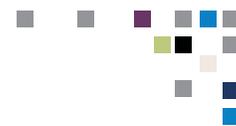

The locking storage compartments secure personal effects and over-the-counter medications while the interior locking drawer secures prescription and dispensed medications. A task light is standard to provide sufficient lumens for accurately reading labels and charts. 270° hinges allow the doors to swing fully open for clear and easy access.

PTFM72H Wardrobe Cabinet

Night stands with the optional overhead storage hutch complement the cabinet design and provide additional, convenient storage. The recessed back panel of the night stands provide clearance of plugged-in appliance at wall receptacles. Task lights and/or power strips can easily be added and concealed behind the valance of the overhead storage module.

# HANNAH

**Hannah** offers patient comfort essential to maximize relaxation and recovery while simultaneously providing caregivers with equipment that looks great and performs flawlessly. Standard features include pneumatically controlled back with infinite adjustments through back release located outside right arm facing. Full length foot rest provides support to entire leg through foot rest lever on outside of left arm facing. Standard weight capacity rated at 500 lbs. Bariatric models rated at 750 lbs. are also available.

Models **830** and **834** include Trendelenburg feature which allows a 3 degree negative pitch from the full flatbed position and pull-out foot tray for easy patient transfer. Hands free foot pedal activates Trendelenburg feature.

Model **831** excludes Trendelenburg and pull out foot tray.

**Additional Options:** Black or brushed aluminum push bar with black textured grip (not available for Haley 840), brushed aluminum foot rest lever with black textured grip (replaces standard black lever on Hannah), folding side table, pivoting tablet arm, double articulating tablet arm, IV pole and holder, wood arm caps and moisture barrier.

**830 Patient Recliner**  
 Seat/Arms: Foundation 10 350-000 Chocolate

# HARMONY

**Harmony** is the ideal answer for an overnight, comfortable stay in a patient room. It is available in three widths to accommodate most rooms. The full size version of the **Harmony** day beds provides an adequate sleeping space with room for two adults - perfect for an overnight stay in a children's facility.

## Standard Features

- Wall-saver design
- Lift the front of seat and pull out base to convert to a 78" bed
- Lift chair back and roll forward to close and lock, converts unit back to chair
- Ample storage under seat for sheets, pillows, blankets, etc.
- Warranty: Limited lifetime on seating components. Three years on recliner mechanism.

**822** Twin Convertible Seat/Day Bed  
Ecosphere 313-004 Cobalt

**8233DWA** Sofa/Bed with Laminate Drawers  
WC Windsor Cherry  
Expo 960 Sky

The **Harmony** non-mechanical sofa/bed provides ample seating space for up to three adults by day and a sleeper for one adult by night. Simply unfold the back cushion for a comfortable sleep surface. No additional floor space is required as with conventional day beds. Optional wood arm caps to match the legs or anti-microbial polyurethane caps provide greater protection on the top surface area of the arms.

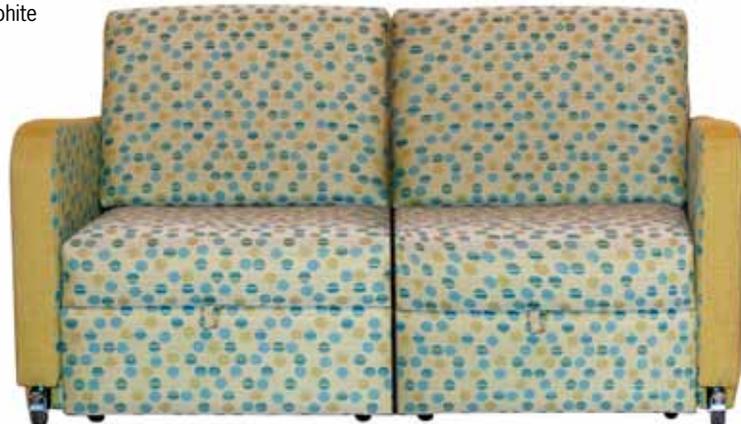

Available with or without two drawers in the base for convenient storage of personal items and bed linens. Drawer fronts are available in a wood grain laminate to coordinate with the wood legs or upholstered.

The **Harmony** sleeper chair provides comfortable club chair seating ideal for any patient room and ample sleeping space by night. The clean lines fit with multiple room styles and decor. The seat easily extends from the back with an additional pop-up “ottoman” from underneath the seat. The back cushion flips down to provide a pillow/extended sleep surface. The tandem model provides seating for two with independent mechanisms allowing for dual position of sitting on one side and sleeping on the other.

# HELIX

**Helix** stools provide a full range of adjustable height seating for physician's offices, examination rooms and other areas of care. Most models include a foot activated ring in the base to provide a hands-free height adjustment. Reverse braking casters on those models also ensure that the stool does not roll away when sitting down or getting up. Both of these features allow the user to keep hands clean and sterile. Most models of **Helix** also are available in either a black or chrome base. Model 581 includes a back rest to ensure proper lumbar support. Select from hundreds of standard and thousands of other available upholsteries including easy-to-clean healthcare vinyls and Woven Cryptons.

**581CB**  
Woodford WO-545 Black

**Helix** model 582 features a molded urethane seat and black base with a hand lever height adjustment for the most economical application.

**582**

**580CB**

# CIRRUS

The **Cirrus** collection offers the ultimate in comfort and style. The dual knit mesh backs provide a passive lumbar support that literally hugs your back. Choose from stylish cantilevered chrome arms with black, decorative inlays or adjustable height and width arms. A 5-position swivel tilt-lock mechanism with tension adjustment is standard. The optional 6-position seat slider mechanism effectively extends the seat 2.5", ideal for those with longer legs. Braking casters ensure that the chair stays in place unless you are seated.

Choose from 3 standard or 6 custom knit colors combined with thousands of available upholsteries. Chrome, black or dual-tone chrome/black bases will fit the decor of any office or meeting room.

- 915** High Back Patient's Chair  
AP Aspen  
Quattro 300-005 Dark Orchid

Architecturally-influenced, **Trados** features solid wood and a triarc arm design accenting an upholstered seat and back. Pronated back and flexible seat suspension provide comfort in applications from waiting areas to private offices. Separated seat/back simplifies cleaning, especially important in public, healthcare and hospitality areas.

Seat and back are easily replaced should they become damaged or soiled beyond normal cleaning.

Simply peel the hook and loop fastener on the bottom of the back to reveal the hardware.

# ACCOMPANY

Excellent for public areas, lobbies and more, original **Accompany** design provides private space for every individual. Generous armrests invite users to sit side-by-side. High-density cushioning and no-sag sinuous wire seats and backs ensure posture-correct, upright support. Choose wood finish or aluminum/ chrome finish metal legs (all include levelers) and coordinating occasional tables. All upholstery covers feature double-needle tailoring, commonly known as baseball stitching. Optional fabric combinations provide even more options for innovative interior designs.

# CLAUDIA

We believe that a seat can, and should, combine both form and function. For **Claudia**, we put special emphasis on the form. Take a seat and your arms will naturally fall into the gently undulating contour of the fully upholstered arms. Brightly polished aluminum legs add just the right amount of sparkle and visual interest. The cushions are plush and supportive so that waiting goes from a "chore" to a "pleasure."

# OCCASIONAL TABLES

**Marquet** occasional tables bring unique marquetry design to a wide range of reception, lounge and office environments. Influenced by the history and craftsmanship of traditional marquetry, Marquet table tops feature a unique pattern with cherry, walnut and maple veneers carefully selected, cut and spliced in traditional fashion. Full-fill finishes create depth and clarity, enhancing the warmth and beauty of wood. Choose Honey Cherry or Rouge Mahogany. Catalyzed lacquer top coat increases hardness and durability of wood finishes. Table tops feature concave shaped edges. Tapered, fluted leg design offers light, elegant scale.

## Environmental and Sustainability Efforts

For more than 50 years, HPFI® (High Point Furniture Industries) has been building furniture in the United States with respect to our environment and our community. As a world-class manufacturing operation, we strive to reduce and eliminate our impact on the environment. We recycle and reuse wherever possible. When viable and acceptable to our customers, we incorporate recycled and recyclable materials into our finished products.

HPFI is utilizing the Business and Institutional Furniture Manufacturer's Association's (BIFMA) e3 standard to identify and certify the levels of environmental achievement as well as identify specific contributions of LEED points. All HPFI products are (Gold) level II and tested to the BIFMA X7.1 Furniture Emissions Standard.

As a manufacturer of wood products, we recognize that our materials come from natural resources, which must be respected. Supplier partners are suggested to hold this same respect in harvesting and processing natural resources for supply to HPFI.

Laminate casegood materials are Scientific Certification Systems (SCS) certified for FSC-STD-40-004 v2-0, FSC-STD-40-003 and FSC-STD-40-005 v2-1 standards as well as Composite Panel Association (EPP) certified for CPA 2-06 and CPA 3-08 standards. The cores of our casegood products come from suppliers that meet Sustainable Forestry Initiatives (SFI) standards and are over 80% recycled wood fibers.

Engineered wood components for upholstered seating products also meet SFI standards and meet CARB 2011 Standards -.08 ppm formaldehyde emission level. Seating foam is CFC-free and includes rapidly renewable bio-based materials.

Dust collection systems are in place to collect residual wood released during processing of raw wood materials into finished components for final assembly. The collected sawdust is reused for generating fuel, reducing waste as well as conserving another valuable resource, petroleum.

Proper finishing equipment is installed and maintained to appropriately collect any negative-impact materials. These are turned over to environmental professionals that specialize in safe and effective handling of such materials, further protecting our world.

We are committed to providing environmentally-conscious product solutions. HPFI actively markets Terratex-classified upholstery fabrics that are both 100% recycled (or bio-based) as well as completely recyclable (or compostable). These fabrics are manufactured from both post-consumer polyester (waste material left over once a consumer has used a product, such as a soda bottle) and post-industrial polyester (waste generated by an industrial process before the polyester is used by a consumer). In Life Cycle Assessments, Terratex-classified fabrics showed significantly lower environmental impact than fabrics made with virgin polyester across all twelve of the categories studied.

All corrugated cardboard material and containers used in the packaging and transport of our furniture products are made with a minimum of 41% recycled material (post-consumer and/or post-industrial) and meets standard performance requirements.

All of our associates are involved in environmentally-friendly practices. We utilize a 4-day work week, thereby reducing fuel consumption in both operations and commuting. Our sales brochures are printed on FSC-certified paper. Multiple collection bins are placed throughout our facilities for recycling to divert all production materials from landfills and recycled. Office paper, bottles, cans, etc. are also collected in our offices for recycling.

At HPFI, we understand the future does not belong to us, nor does the earth, nor its resources. The maintenance of our environment and a commitment to sustainability is an ongoing responsibility that we share with every person, organization and industry enjoying the abundance of this earth. We pledge to continually respect our resources and build community for those of us here today and for those who will follow.

Our sustainability efforts extend beyond the materials and processes involved in the manufacture and fabrication of our products. We also address end-of-life opportunities for our furniture. Additionally, our efforts involve social responsibility with HPFI associates as well as our business partners.
