Furniture For The Real Office™

*L*oving green was the natural progression for OFM, Inc. With an affinity for the purity of the earth, we took a close look at our carbon footprint and made every effort possible to reduce it. After recently installing a 250-kilowatt system made up of 1,042 solar panels on the roof of our main headquarters in Holly Springs, North Carolina, we are now carbon-neutral. We are certified by the state as a Renewable Energy Facility.

We have made large strides in our efforts to offer more eco-friendly products with sponsored certification like the Greenguard® Certification for Children & Schools. We've created a complete line of products designed to the strictest green specifications. Incorporating reusable, recyclable and recycled materials into the products we manufacture is a rewarding privilege that we will continue to appreciate. This guarantees products with low chemical emissions. At the same time, we hold these products to our same high standards of quality and price, making sure you get nothing but the best.

It is very exciting to know that with continued persistence and directed ambition, our contributions to this world can far surpass our consumptions.

Blake Zalcborg, COO

When OFM, Inc. was started in 1995, the term "green" was not used in everyday language. Now "being green" is just a fact of life and one that OFM takes very seriously, not just with talk, but with actions. From the top of our roof to the inside of our building, OFM has continuously strived to have as little impact on the environment as possible. As we continue to grow, so does our focus on helping the environment. There are plans to double the size of our Solar Array in the year 2012 which will help the State of North Carolina expand its grid by gaining additional energy from a renewable source.

When we look at where we started, out of the third floor of my family's house, to where we are now, we are constantly striving to become a bigger part of the larger society around us. To be a company that people can look to as early adopters of the "green" movement, we practice what we preach.

Contents

Today's offices have many complex and diverse requirements. Different people have different needs. Knowing this, OFM has expanded our offerings to include furniture for the basic office to the executive suite and everything in between. Always keeping an eye on style and making it an affordable option for everyone.

OFM continues to provide better and faster ways for you to get information about our products. You will see QR Codes throughout this catalog that when scanned by a 'Smart Device', will bring you to either an instructional video or technical information on that product.

This QR code will bring you to our web site home page. www.ofmnc.com

Product Index
Page 147

The Venice Series consists of 3 very stylish models. An Executive desk with a return that can be positioned on the right or left side that increases desktop space, and a storage cabinet with 2 position-adjustable interior shelves behind each door. The bonus mobile CPU holder that stores under the desk comes with every desk unit. All models are 'no tools required assembly'.

Finished in your choice of thermofused laminate in Cherry or Walnut, with Maple and Graphite as special order.

Durable, classic and stylized, it's the perfect combination for making a grand statement in your office space.

Style

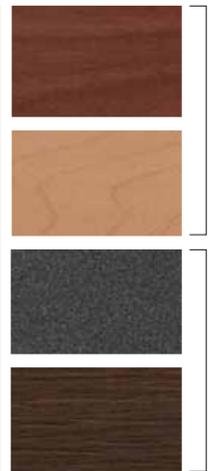

Specifications for the Venice Series can be found on page: 101.

The Milano Series is a multi-piece contemporary line with the ability to furnish an entire office. It has 6 pieces that work perfectly together to ensure a cohesive look. Shown here with the InterPlay Social Seating Series, you can see how diverse it truly is.

The Milano Series requires no tools to assemble which makes for quick installation.

Standard in-stock laminate finishes are Cherry and Maple.

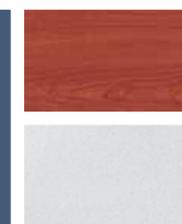

Graphite and Walnut are special order.

Specifications for the Milano Series can be found on page: 101.

The Executive Series consists of 7 models that include 6 panel end desks in different sizes and a credenza. All are covered with 1" thick high-pressure laminate tops in your choice of a Cherry or Gray Nebula finish. Heavy-duty 16-gauge steel construction ensures long-lasting confidence that this series will hold up over time.

With features like full ball bearing suspension drawers, a scratch resistant powder coat paint finish, roll-formed front edge top and wire grommets, this series comes ready to work for you.

Standard in-stock laminate finishes are Cherry and Gray Nebula.

Model GT4794 Glass Top Conference Table is Special Order. See specifications on page 105.

Specifications for the Executive Series can be found on page: 103.

▲ Shown: Half-Round Table—66180, Media Terminal—66248, Task Chair—651

Our 17-piece Mesa Series consist of desks, training tables and accessories all made from 16-gauge steel and have the same durable scratch-resistant powder coated paint finish that is on many of our best products. The 1-1/4" thick high-pressure laminate top, edged with gray 9mm t-mold banding, comes standard. Leveling glides on the round steel legs ensure a great installation. The two pedestals in the series are available in box/file and box/file/file full ball bearing suspension central locking drawer units.

Specifications for the Mesa Series can be found on pages: 102 & 114.

▲ Table Model 55118

With requests for more styles and shapes to express personal tastes in the conference room and meeting areas, we've answered with 5 exceptional choices.

Each are made with durable, lasting materials and a variety of virtually maintenance-free laminate finishes.

The Modular Conference Table (55118) to the left is a 'no tools required' assembly table.

The Racetrack style table (T4896RT) below comes in 72" and 96" lengths.

Specifications for all the Conference and Meeting tables can be found on page: 104.

▲ Table Model T4896RT

The Mesh Base Conference Table (T4896MB) featured below is styled for the corporate client wanting a refined and sleek look.

The small Round Meeting Table (55129) fits the need of having the right sized table for the right space.

Our Library Table (LIB4896) to the right is perfect for the school or casual office that wants to add a little elegant functionality to a space.

Each table has its own distinctive intention and can be personalized with many choices of laminate finishes and sizes.

▲ Table Model 55129

- Contemporary designs
- Adjustable leveling glides
- Two-piece top on:
 - Mesh Base models
 - Library models
- Three-piece top on:
 - Modular Table
- High-pressure laminate tops (not on model 55129)
- T-mold edge banding on:
 - Mesh Base models
 - Racetrack models
 - Library models
- Wire grommets—55118
- Easy-to-assemble

The Utility Table must live up to many expectations. Of course, it has to be diverse, but it should also be attractive and have the ability to blend into and stand out in any space it is used in. Shown here in two different applications, it's easy to see that this table is very adaptable. Four sizes and three high-pressure laminate top finishes, scratch-resistant paint, leveling glides and 15-gauge steel construction... a combination of qualities that make this Utility Table perfect for the office, library, school or industrial setting.

Specifications for the Utility Table can be found on page: 105.

3-Corner Silver Legs

ET Models—
3-Corner Black Legs

'TABLE' Models—
Black Sled Legs

Every reception room needs to be given its own personality and these tables are made to do just that. They are offered in 3 sizes with a choice of 2 leg styles and colors.

The 1-1/4" thick high-pressure laminate tops come in 4 finishes including Cherry, Mahogany, Oak and Gray.

Specifications for the Tables can be found on page: 105.

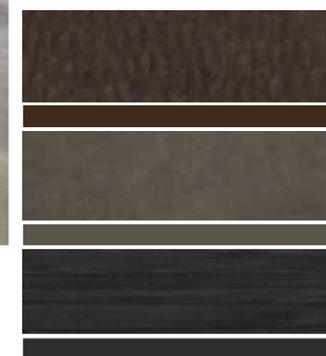

The Profile Table Series is unique to OFM. Conceived with a designer's eye and executed to style perfection. Each has clean lines, a recognizable shape and a distinctive influence. Originally designed to compliment the Uno Series, we now see much more potential for them. Partner them with OFM furniture or let them find a home amongst your existing pieces. The 3 laminate choices and 4 tables sizes will make incorporating them into your space very easy.

Profile

The simplicity of the Profile Table is its best feature. Add to that, these 3 laminate color and texture choices and you have a table series that will make a big statement.

Laminate Finishes:
Top: Windswept Bronze/Brown
Middle: Painted Screen/Gray
Bottom: Asian Night/Black

Specifications for the Profile Tables can be found on page: 106.

OFM's Café Height Table Series offers three contemporary models made with quality craftsmanship. Perfect for the breakroom or even the local café.

The 24" and 30" round or square, 1-1/4" thick high-pressure laminate tops have a black, 3mm T-mold edge banding that protects it from damage.

Choose the style that best suits your style.

All the tables can be purchased with complimenting chairs.

▲ Featured Table Model CBLT24RD

The unique 'flip-top' lever feature is available on the FT and CFT Table Series.

Finishes are for the Café Height and Multi-Purpose tables.

Model CCLT30SQ
Shown with Moon Café Chair—338C

Model CFT24RD
Shown with Stars Café Chair—328S

All table bases can be purchased separately. See page 115 for specifications.

Specifications for the Café & Multi-Purpose Tables can be found on pages: 106, 107 & 115.

▲ Featured Table Model LT42SQ

Model FT42RD

Model MT36RD

All table bases can be purchased separately. See page 115 for specifications.

Our Multi-Purpose and Café Height tables are part of the same family and work perfectly together or on their own. The Multi-Purpose tables come in a 36" & 42" round or square top and the same choice of 4 laminate finishes — Cherry, Oak, Gray, nebula and Mahogany.

The 'flip-top' feature allows the FT tables to be nested and stored away easily.

Specifications for the Multi-Purpose & Café Tables can be found on pages: 106, 107 & 115.

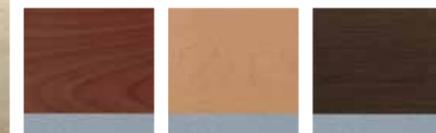

Marque

The OFM Marque Reception Station has taken the industry by storm. One of our best selling models, it continues to evolve and impress. With the ability to go from a single-unit to a five-unit station by simply adding the 'add on unit' model 55295, it can grow as your business grows. A true value that comes with the OFM Limited Lifetime Warranty.

With finishes like Cherry, Maple and Walnut, the Marque Reception Station will work with any decor.

- 28.75" work surface height
- 19.75" work surface depth
- 45.50" transaction top height
- 13" transaction top depth
- Black frame special order
- Wire management cutouts
- Thermofused melamine finished self edge
- No tools are required for assembly

Finishes are accented by a standard silver frame. Black frame is special order.

Triple-Unit-55293-Walnut (shown with Mobile File Pedestal-55106)

Reception Station Only

▲ Featured Model: Triple-Unit 55293-Cherry

📄 Specifications for the Marque Reception Station can be found on page: 108.

Marque Plexi

The Marque Plexi Reception Station mirrors its sister station in that it offers the same 5 sizes and laminate finish choices, but with one difference – a translucent 'plexi' front panel at the top of the station. This differentiating feature sets it apart and gives you the ability to add the extra style you are looking for. They are available in a Cherry, Maple and Walnut finish.

- Thermofused melamine finished self edge
- 28.75" work surface height
- 19.75" work surface depth
- 45.50" transaction top height
- 13" transaction top depth
- Black frame special order
- Wire management cutouts
- No tools are required for assembly

All finishes are accented by a standard silver frame. Black frame is special order.

Specifications for the Marque Plexi Reception Station can be found on page: 108.

▲ Featured Model 55316-Cherry

Reception stations come in many forms and the RiZe L & U-shaped poly-top stations are our response to your request for a simple but high-quality station that can adjust to changing needs of a space.

They can be covered in your choice of Beige or Gray Vinyl, with Burgundy, Grape and Dark Blue fabric as a special order.

RiZe

▲ Model Shown: PG296

- Freestanding desk(s) included with all models
- 2 L & U-shaped station sizes
- 2 wood finishes
- Durable steel base with silver frame (black frame special order)
- Scratch-resistant powder coated paint finish
- Easy to clean vinyl
- No tools required for assembly

▲ Model Shown: PG297-2

The charm of the RiZe Reception Station is that it is movable. In just a few minutes it can be repositioned and ready to use. The adjustable leveling glides help you to complete the move.

Specifications for the RiZe L & U-Shaped Reception Stations can be found on page: 109.

modular [moj-uh-ler] — noun

A self-contained unit or item, as of furniture, that can be combined or interchanged with others like it to create different shapes or designs.

Correctly named for its ability to be diverse, interchangeable, expandable and creative, our Modular Furniture is made up of multiple sizes of desks and tables, study carrels, privacy stations, pedestals, a credenza, a multi-purpose stand and optional accessories.

You can create just about any configuration you need by utilizing different components, all designed with an innovated technology that makes for a 'no tools required' assembly. Personalize your space with any or all of the Modular Furniture Series.

Modular

Specifications for the Modular Furniture Series can be found on page: 110-114.

Training Table—55220

Peninsula Table—55144

Training Table—55111

Corner Table—55246

Privacy Station—55148

Credenza—55135

Study Carrel—55102

L-Shaped Desk—55196

Mobile File Pedestal—55106

Corner Table—55107

Corner Table—55245

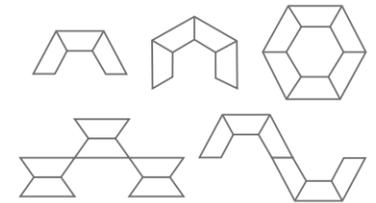

Multi-Purpose Stand—LCS-100

It's all in the shape.

Such a simple design, the Trapezoid Tables with their numerous configuration possibilities, fit seamlessly into the Modular Series.

Standard features include 16-gauge steel construction with a durable powder-coat finish, wire management grommets, locking carpet casters and the 'no tools required assembly' seal.

Model: 55248 = 24" x 48"
55260 = 24" x 60"

Trapezoid

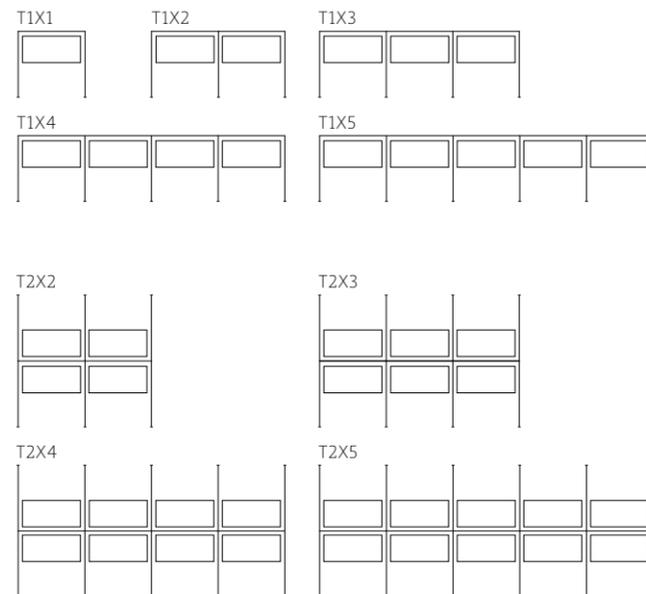

Specifications for the RiZe Privacy Stations can be found on page: 116.

RiZe Privacy Stations

The RiZe Privacy Stations are a practical solution for the private, semi-private or shared workspace. Easily linkable, they can be configured and reconfigured at any time. The 'no tools required' assembly makes it simple to expand your space by adding additional units.

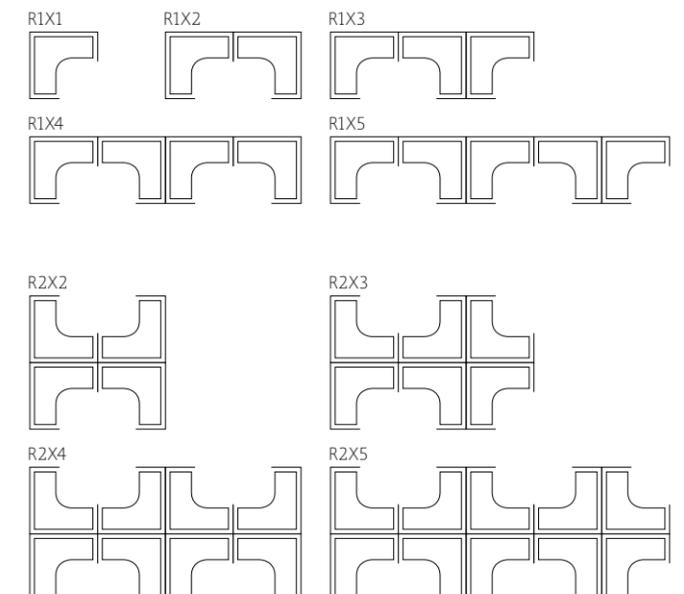

Each station comes complete with a freestanding desk and panels. Optional mobile file pedestal (55106) is available for each station.

Specifications for the RiZe Workstations can be found on page: 117.

RiZe Workstations

The RiZe Workstations are private cubicles that come with a freestanding desk, keyboard tray, and panels. You'll have a choice between solid and poly-windowed 47" and 63" tall panels. The ability to run electric, phone and ethernet cables within the panel's 2" frame keeps clutter to a minimum.

All RiZe Workstations come with 'no tools required' assembly capability.

- Leveling glides
- 2" square steel frame
- No tools required assembly
- Scratch-resistant powder-coat finish
- 2-way, 3-way and 4-way universal connectors
- Textured vinyl-covered panels wipe clean easily
- Wire management grommets with pop open cover

Panels available in 47" & 63" heights and in 25", 31", 37", 48", 60" widths. The option of a full vinyl or vinyl/poly screen lets you customize the look of your space.

▲ Hanging Cabinet Models: 55175 & 55275

▲ Under-Shelf Task Light Model: 55215

▲ Hanging Open Shelf Models: 55185 & 55285

RiZe's 3 accessories consist of hanging open shelves, hanging cabinets with doors (both come in 2 widths), and an under-shelf task light. All models are designed to work with and compliment the RiZe Floor Panels and Workstations.

Standard finishes are Cherry and Maple with Graphite and Walnut as special orders.

Both shelf styles can fit a standard size binder.

Open Shelf = 100 lb. weight capacity
Hanging Cabinet = 125 lb. weight capacity

Specifications for the RiZe Panels, Components and Accessories can be found on pages: 118-119.

RiZe Panels & Acces.

Net 3-Unit Beam—NB-3

NET is a unique and diverse product that is exclusive to OFM. We have developed it to appeal to both indoor and outdoor applications.

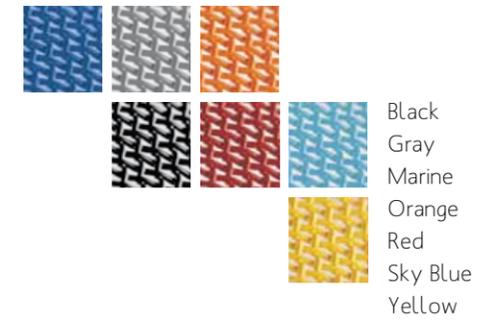

Made with a sturdy steel mesh that is specially treated to resist rust and fading, it is Greenguard® Children and School Certified.

The optional glass table can be placed in any position on the beam.

Specifications for the NET Series Beams can be found on page: 120.

- 7 bold colors
- 3-, 4- or 5-unit lengths
- Optional 19.75", frosted tempered-glass table

Our ReadyLink™ is your affordable option for linked group seating in the auditorium, classroom or waiting area. Sold as 4 models, including 2 arm styles, you can add as many as you want to create the configuration you need. Two models (211T & 212T) were used to make up the example shown here.

- Strong steel powder coat painted frame
- Durable poly shell back
- Textured, easy-to-clean vinyl covering
- Optional arm with and without tablet
- Can be secured to the floor to prevent movement
- Spring-loaded seats flip-up when not in use (shown down in photo).

Tablet size is 10" W x 12" L x 2" D, made of durable plastic with a patterned writing surface. Tablet stores in arm until needed.

Alternate open arm style without tablet shown below.

▲ Leveling Glides

▲ Seat Connector

▲ Row Starter Open Arm Chair—212

▲ Chair Models: 211 & 212

The Cluster Table, with its steel frame and seats, is by no means a lightweight when it comes to indoor/outdoor furniture. It is as comfortable in the cafeteria, breakroom or classroom as it is at the playground, park or public space. The stainless steel table top is the best option for outdoor use.

▲ Shown with the Gray Nebula Laminate top.

There are 6 table top finishes and 6 seat colors to choose from including stainless steel for both.

- 24" x 48" or 30" x 48" durable laminate or stainless steel tops
- Waterproof and fireproof seat & frame
- Steel auto-return swivel seats
- Permanent installation option

Cluster Table

Weather has always been an obstacle for furniture to overcome... until now.

Variety of Seat and Table Top Colors

- Waterproof and fireproof black steel frame
- 1/2" thick plywood seats covered in high-pressure laminate

- Adjustable foot glides standard
- Permanent installation option

Specifications for the Retro Bench can be found on page 121.

OFM is proud of our newest sensation. The InterPlay Social Seating Series is the wave of the future for how people work and meet.

Whether used in the private office, training room or hotel lobby, the InterPlay Series is the element that gets you there.

InterPlay is covered in 2 Geometrix fabric patterns and 2 solid vinyl colors. Covering options are either pattern back with solid seat or full solid vinyl. InterPlay is accented by wood laminate tablets that swing out of the way to allow access and can be used as a side table. Casters make them easy to move.

Model 516-LX shown here around our Racetrack Conference Table model T4896RT

The Stimulus Series chairs are the perfect desk, guest or conference room chair.

Chrome accents appeal to the modern office, while the black finish can fit into any style space. Behind the reception or office desk, around the conference room table or in front of the boss's desk, this Stimulus package keeps giving year after year.

White thread seams enhance the look of these chairs.

▲ Model: 521-LX-AA

The Greenguard® Certified X5 Multi-Row Sliding Storage System has an 800 lbs. per shelf weight capacity.

The X5 Sliding Storage System on tracks increase usable space 40% to 70% by converting aisles into more storage space.

Gain Capacity and Accessibility—Get Organized and Increase Productivity.

X5 is easy to specify: First, you'll need to determine and measure the space you would like to use for the X5 storage system. Next, simply go to our website, ofminc.com/x5.asp, and click on the link for the Track Length Worksheet. This worksheet will help you determine the right setup for your needs.

The Track Length Worksheet lists all the parts needed for your specific room dimensions and allows you to choose between all of our shelving options.

Before

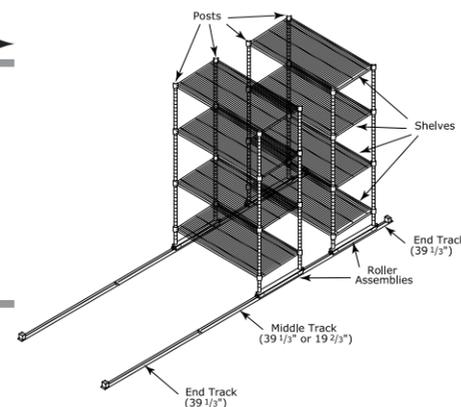

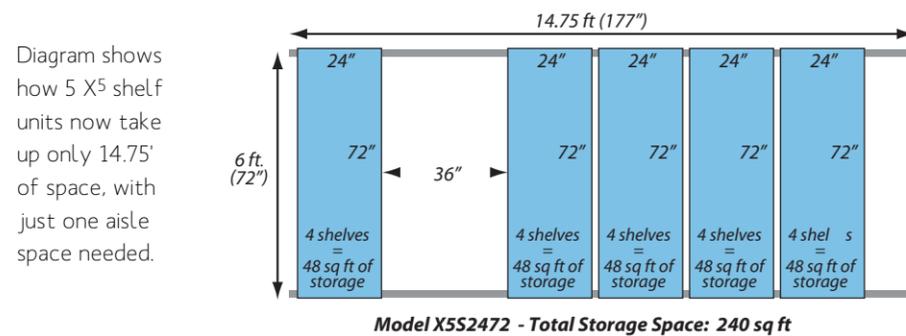

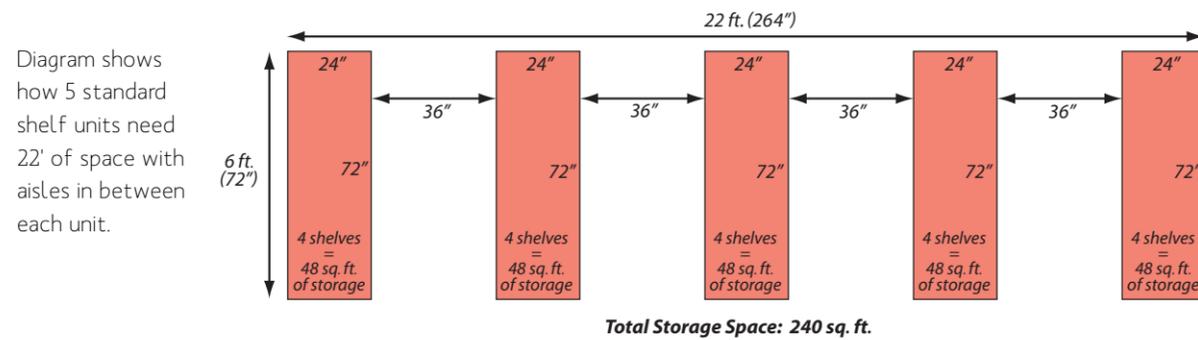

This typical storage room space shows an inefficient use of the space when using stationary racks.

After

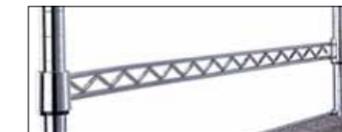

Multi-rows of X5 Heavy Duty shelving were installed side by side, leaving one aisle and gaining over 100% more storage area.

Wire Shelving Accessories
Most Accessories are Chrome-Plated

X5 Heavy-Duty Shelves

Ganging Brackets

Increase your storage space by 40-70%!

The X5 & X5 Lite sliding steel shelving systems recover wasted floor space by turning aisles into more storage area. Shelving units slide effortlessly on our exclusive, patented track system.

This storage system is easily customizable to any space, and with our wide range of X5 & X5 Lite products, we are sure you will find everything that you need to solve your storage problems.

The Greenguard® Certified X5 Lite Multi-Row Sliding Storage System has a 300 lbs. Per Shelf Weight Capacity

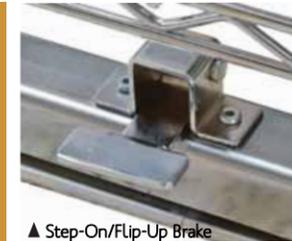

X5 Lite utilizes our Wire Shelving and X5 Tracking System for space-saving benefits. If you need to save space but have lighter-weight items, X5 Lite is a great option. Get the benefits of a sliding shelf system at an affordable price.

Black- or silver-painted shelves and posts support up to 300 lbs. per shelf, evenly distributed. Available in 36" and 48" widths. Common configurations include the metal track system and 3, 4, 5, or 6 complete shelf units.

A "step-on/flip-up" safety brake comes with each roller assembly, allowing users to lock units into place while loading and retrieving.

No tools are required to assemble X5 & X5 Lite. The tracks are not bolted down, and are completely modular. Just lay on a smooth hard surface and you are ready to go. This makes X5 easy to customize, reposition and expand. This design allows for retrieval of contents from both sides.

- X5 Lite Accessories:**
- Hanging side basket
 - Under shelf hanging basket
 - Under shelf roll hanger
 - Shelf liners
 - Plastic label holder

Any of the X5 chrome plated accessories can be used with X5 Lite.

Office Supplies
Maximize the use of any small storage area and keep day-to-day supplies organized and handy.

Home Use
Do you dream of organizing the basement or having more room in the garage? No need to build an addition—just order X5 Lite!

School Sports Equipment
Make the most of the space you have. Access units from all 4 sides of the shelf to distribute equipment faster and spend more time at the game.

Wire Shelving

OFM's wire shelving units are Greenguard® Certified for Children and Schools and can be used as freestanding units or made mobile by adding casters to them.

Durable and adjustable, these units are the perfect storage solutions for the home or industrial kitchen, medical facility, hotel hospitality, office supply room or even the home or business garage.

With a weight capacity of 800 lbs. per shelf evenly distributed (300 lbs. total with casters), there are limitless applications for them.

Units come with 4 shelves, 4 posts, leveling glides and shelf-mounting clips. All stand 72" tall and can be ordered in your choice of heavy-duty 36", 48", 60" or 72" widths and 18" or 24" deep shelves that are adjustable in 1" increments.

Specifications for Wire Shelves can be found on page: 143.

Mobile Utility and Media Carts

The OFM Mobile Utility and Media Carts are a great way to store and move supplies, computers, and just about anything else you can think of, to where it needs to be.

They are made from the same steel construction as the X5 heavy duty units. Each cart has a 300 lb. weight capacity to store even your heaviest items.

QUICK
NO
TOOLS
ASSEMBLY

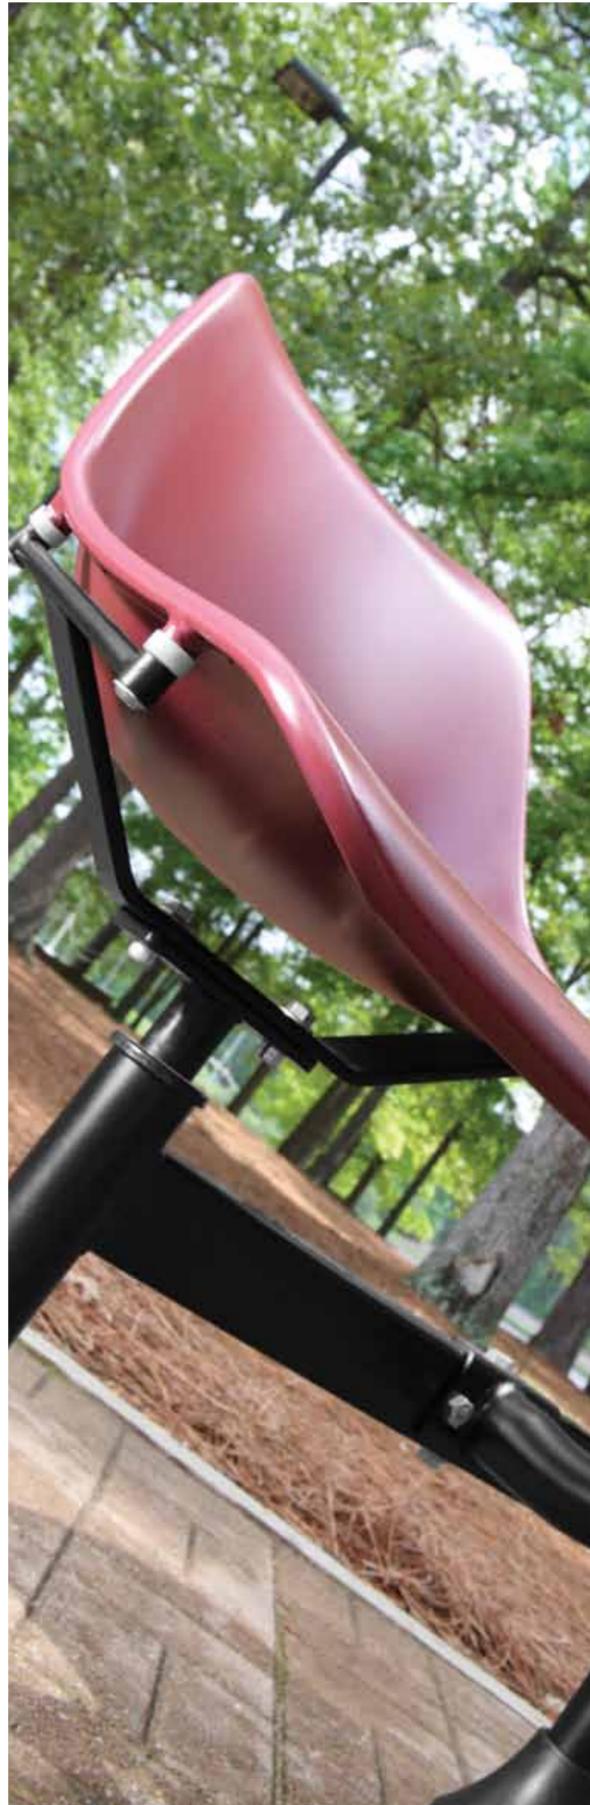

Like the X5, the Mobile Utility and Media Carts are adaptable to any environment. They can also be personalized with any of the same accessories available on the X5 Sliding Storage System units. They come with sturdy 5" locking casters and chrome-plated steel shelves and frame. The shelves are adjustable in 1" increments.

The Mobile Utility and Media Carts are all 'no tools required' assembly.

Specifications for Mobile Carts can be found on page: 143.

SPECIFICATIONS, FABRICS & FINISHES

In this section, you will see each model and the corresponding fabrics and/or finishes related to them. At the bottom of the page you will find the fabrics and finishes for each product on the page. Only the colors for the products shown will appear. All products are in stock and available for immediate shipping.

OFM, Inc. hereby warrants that the products distributed by it shall be free of all defects in original material and workmanship for the life of the product under normal use.

Exclusions to the Warranty are as follows:

- Normal wear and tear, which are to be expected over the course of ownership
- Damage resulting from shipment, which will be handled under separate terms
- Damage resulting from storage, alteration, unauthorized repair, infestation, misuse, abuse, accident, acts of God, natural causes, and/or exceeding listed capacities
- Products used for rental purposes
- Failure to provide reasonable and necessary maintenance (as prescribed in the product instructions)

Seating:

All seating is covered under warranty for the life of the product under normal use. Limitations involving materials and components are:

- 2 years all fabric and upholstery materials
- 7 years gas lifts

Normal Commercial Usage for Seating is defined as 8 hours a day, 5 days a week with a weight capacity not to exceed 250 lbs.

The models listed below are rated for a 400 lb. & 500 lb. weight capacity and are warranted under the standard Normal Commercial Usage for Seating:

- | | |
|---------------|-----------------------|
| 400 lbs. | 500 lbs. |
| • Model 700 | • Model 300-XL |
| • Model 711 | • Model 407 & 407-VAM |
| • Model 710 | • Model 409 & 407-VAM |
| • Model 800-L | • Model 821 |
| | • Model 822 |

OFM, Inc. offers many models covered under warranty for a 24-Hour a day, 7 days a week usage. All standard seating limitations listed above still apply to this category of seating.

The models listed below are rated for a 250 lb. & 400 lb. weight capacity with 24-Hour a day use:

- | | |
|-------------------|-----------------|
| 250 lbs. | 400 lbs. |
| • Model 241 (All) | • Model 247 |
| • Model 242 | • Model 247-VAM |

Tables and Desks:

All tables and desks are covered under OFM, Inc.'s Limited Lifetime Warranty. Limitations involving materials and components are as follows:

- 10 years frames
- 5 years tops

Pedestals:

All pedestals are covered under OFM, Inc.'s Limited Lifetime Warranty. Limitations involving materials and components are as follows:

- 10 years full suspension glides

RiZe Panel System:

All panels and corner posts are covered under OFM, Inc.'s Limited Lifetime Warranty. Limitations involving materials and components are as follows:

- 10 years frames and frame welds
- 5 years vinyl and fabric panels under normal use

X5 and X5 Lite Shelving System:

Normal usage for all X5 and X5 Lite Shelving Systems is defined as not over-exceeding the weight capacity per shelf (X5: 800 lbs. per shelf, X5 Lite: 300 lbs. per shelf, evenly distributed) along with using the system on no or low pile carpet to prevent any unbalanced track issues.

All X5 and X5 Lite components are covered under OFM, Inc.'s Limited Lifetime Warranty under normal use as defined above.

TERMS AND CONDITIONS

Ordering Information:

All orders MUST be in writing. Please fax orders to 919-362-4765, email to sales@ofminc.com or contact us to set up EDI transmission. Purchase orders must include model numbers, color, quantity, accessories and any special instructions. Purchaser assumes responsibility to supply correct information when placing order. Prices and specifications subject to change. Refer to www.ofminc.com for the most up-to-date information.

Shipping & Handling:

OFM, Inc. will initiate all prepaid freight claims. Any visual shortages or damages MUST be noted in writing at TIME OF DELIVERY on bill of lading. LTL carriers will not accept verbal information that differs from signed bill of lading. Damages must be filed within 10 days of receipt of goods and shortages must be noted immediately upon receipt. We cannot accept damage reports after this time. All orders shipped to APO/FPO locations will incur an additional \$15 per carton handling charge.

Payment Terms:

OFM, Inc. relies on D&B for credit worthiness of new and established accounts for open credit terms. Open terms are 1%, 10 net 30 from date of invoice. If open account is not established, credit card or check will be accepted in advance.

Returns Policy:

Returns are accepted at our North Carolina warehouse ONLY. All returns must be shipped prepaid and be made within 60 days of purchase. Collect shipments will be refused and returned. To return a product, a Return Authorization form can be downloaded from our company web site, www.ofminc.com/orderinginfo.asp#returns or call 800-520-7471 and request a Return Authorization form. You will also be issued a Return Authorization number. This number will ALWAYS have the prefix "CQ". Merchandise returned without the CQ number will be refused by OFM. Return Authorization numbers are only valid for 30 days. OFM reserves the right to inspect all returns and determine applicable restocking and/or reboxing fees. A missing item or damaged product fee may be assessed if a returned product is missing the original box, packaging materials, contents, accessories, assembly instructions or is not in "like new" condition. A minimum fee of 25% will apply for re-boxing only. All warranty parts are available for replacement at NO charge and are shipped via UPS ground service. If upgraded service is required, the customer will be billed the difference in freight. Our freight carriers, including UPS, reserve the right to institute fuel surcharges on some or all shipments, without prior notice.
