THE INFINITY 3-COMPONENT LOCK-TIGHT SYSTEM™

POSI-LOCK™
Infinity's Lock-Tight system utilizes Posi-Locks for shelving and panels

Posi-locks are secured by pins and locking cams for greater shelf security

DEFLECTA-STOP™
The Deflecta-Stop helps prevent shelf deflection while preventing books from pushing past the shelf on wood and metal shelving

UNITIZER BRACE™
The steel Unitizer Brace pulls the unit together to add more stability and prevent swaying panels

◀ **48-DFS**

LIFETIME STRUCTURAL WARRANTY

Paragon Furniture, L.P. provides a lifetime structural warranty against defects in materials, construction or workmanship. Work surfaces, moving/wearing parts and finishes are guaranteed for five (5) years against defects.

Paragon Furniture, L.P. reserves the right to inspect, repair or replace at original invoice value, any part or product that is defective. This warranty does not cover normal wear, abuse, negligence, freight damage or any damages caused by improper assembly or installation. This guarantee is non-transferable and applies only to the original purchaser.

DESIGN STANDARDS

HIGH-PRESSURE LAMINATE, attached to .030 Western and Southern particleboard core and feature three-ply construction, meet or exceed LEMA LD3 requirements. Appropriate backer sheets are used to balance plies (not less than .020" in thickness).

WOOD CORE STOCKS AND LAMINATES, made of medium density Western and Southern particleboard core, meet or exceed ANSI 208.1 specification. Boards are well-balanced on both sides to prevent moisture absorption.

VINYL T-MOLDING provides a quality touch and smooth-edge finish.

SMOOTH, ROUND CORNERS enhance both the look and safety of Paragon-manufactured tables.

POWDER COAT FINISH is added to all heavy gauge steel metal parts.

DURABLE WORK SURFACES.

ON-TIME DELIVERY

No minimum order requirements. The Paragon team provides on-time delivery using a variety of shipping options for your budget.

CUSTOMER SERVICE

Time is money and at Paragon, we understand your need to deliver choices to the end-buyer quickly and efficiently. That's why our team of engineers and design professionals are at your service. We want to navigate you to the best solutions for your markets and work with you step-by-step to ensure smart choices, fast delivery and easy installations.

SERVICES

CUSTOMIZATION

Paragon will create customized solutions based on your specifications, from the leg style to the laminate color. Or our team can tweak an existing product to your exacting standards by changing a dimension or adding an accessory. With so many options, imagine the possibilities.

IN-HOUSE DESIGN TEAM

You have the vision and the Paragon engineering team has the ability to bring it to fruition. We put your ideas on paper and provide custom solutions, cost analysis and project pricing.

U.S. BASED MANUFACTURING

Paragon's full-service 80,000 square-foot facility is located in Arlington, TX.

QUICK SHIP

Paragon Furniture ships within 10 working days, after receipt of order, any Quick Ship product in selected finishes and Quick Ship accessories for orders of 10 or less.

A NOTE ON GREEN

RESPONSIBILITY

At Paragon, going Green is not a fad. It is an ongoing effort to improve processes with the understanding that change and investment now, mean a better future for all.

SCIENCE & LOW EMITTING PRODUCTS

Paragon furniture classifies as low-emitting furniture in school environments. Let us help you with your projects that require LEED for Schools. We also meet the stringent qualifications for the CHPS EQ 2.3.5 credit. As a manufacturer of educational furniture that meets the criteria for CHPS and LEED for Schools, Paragon also achieved the strict standards to qualify as MAS Certified Green®.

REDUCE, REUSE, REAL NUMBERS AND NOT RHETORIC

Our wood products are manufactured from 100% recycled and/or recovered fiber. 100% of our wood products originate from Certified sustainable harvesting methods. Up to 90% of our packaging and steel comes from post-consumer waste or recycled materials. In the places that we must use packaging materials, they are 100% recyclable. Our investment in machinery and new processes has reduced waste by more than 60% in the past 3 years. 100% of all unused metal from the manufacturing of our product is recycled locally. Paragon's Arlington based manufacturing facility uses powder-coat which means you can be assured that no solvents and negligible amounts of VOC's, if any, are being released into our atmosphere.

PARTNERSHIPS AND ACCOUNTABILITY

As a United States based manufacturer, we feel it is our responsibility to ensure all of our supply partners share our desire for environmental stewardship. By using independent third party testing of our products, we are staying accountable to YOU. This is not about telling a nice story to make everyone feel good. This is about doing the right thing for the environment and for the planet our children will inherit.
